Summary Explanation/Background: On December 18, 2002 the Town Commission established the regular CRA Meeting date to be the fourth Monday of every other month. The minutes establishing the meeting dates are attached to this agenda item. Consequently, when a meeting is scheduled on dates that differ from the established schedule, it is necessary for the Town Clerk to advertise the meetings as "Special Call Meetings".

Ostensibly, over the past two years, every CRA Meeting was advertised as a Special Call Meeting. The needs of the CRA are different now than in 2002. Staff is requesting authority from the Town Commission to modify the established CRA Meeting date from the fourth Monday of every other month to on an “as needed” basis.

Sara Lockhart, Inter Director of Community Development Services explained Resolution 63-2002.

Jonathan Ricketts, of the Palm Corporation was present to answer any questions.

Public Hearing closed.

MOTION: A motion to adopt Resolution 63-2002 was made by Vice Mayor Chuck Balius and seconded by Commissioner Bill Otterson.

Annexation

Town Manager Jason Nunemaker stated that the Urban Service Report is pending review.

CRA Meeting Date

The Commission decided that the fourth Monday of every other month would be the regular meeting date for the Community Redevelopment Agency starting with the meeting on February 24, 2003 at 7:30 PM.

Goal Setting Workshop Date

The Commission set February 5 as a Goal Workshop starting at 7 PM. Goal lists are to be turned in by January 22, 2003 and contain two tiers of priorities.

Keep Palm Beach County Beautiful Announces Locations for the International Coastal Cleanup 2009

Keep Palm Beach County Beautiful, Inc.(KPBCB) is pleased to announce the 24th annual International Coastal Cleanup on Saturday, September 19, 2009 and alternate dates. The cleanup is sponsored by The Ocean Conservancy worldwide and is coordinated locally by KPBCB. The International Coastal Cleanup is the world's largest volunteer event of its kind. Last year, nearly 400,000 volunteers from 104 countries and 42 states cleared 6.8 million pounds of trash from oceans and waterways and recorded every piece of trash collected. Florida holds the 4th largest cleanup in the world.

During the International Coastal Cleanup 2008, in Palm Beach County alone, 3,900 volunteers picked up over 29,350 lbs of trash from Palm Beach County beaches, lakes, roadways, and participating neighborhoods. From the information provided by volunteers, the source of most of the trash and debris comes from shoreline and recreational activities (47.3%) and smoking-related activities (42.6%).

Photos and results of last year's cleanup in Palm Beach County:

Volunteers should pre-register by contacting the volunteer coordinators listed for each site. Trash bags and other supplies will be provided and volunteers are encouraged to wear hats, sunscreen, sturdy closed-toe shoes and bring water. Summary Explanation/Background: Servers at Town Hall and Public Works need to be replaced to run with Exchange Server 2007. Due to the Town's relationship with KDT and KDT's large purchase of equipment from Dell for other customers, we are able to purchase the servers at a cost below the state contract with Dell. Dell is the sole source for compatibility with our system.

Summary Explanation/Background: As provided for in the ordinance to establish the Stormwater Utility, the rate for an Equivalent Stormwater Unit (ESU) must be set by resolution. This resolution will establish the final rate for an ESU at \$6.50 per month for stormwater management for Fiscal Year 2009/2010. This rate represents \$.50 increase over prior year. At this rate single family homes and condominiums will pay an annual fee of \$78.00 for stormwater management.

It is anticipated that these fees will generate approximately \$513,000 in revenue for the on-going maintenance of the Town's stormwater system and continue to build a capital fund necessary to begin improvements to this system.

Summary Explanation/Background: The Community Beautification Improvement Fund was established in 1998. It provided for monies to improve homes that were cited for a code violation. It also provided for facade grants in the PADD. 20% of all code fines collected are put into this fund reserve account. To date there is more than \$93,000 in this account. This is due to the fact that Code fines have been accumulating for the last 11 years and there is now a surplus in the Fund. In the past, few homeowners or business owners applied for these funds. Last year the fund awarded \$9,020 in grant funds. Staff suggests that \$10,000 be left in the fund to provide for future grants requests. This resolution would authorize the transfer of all but \$10,000 to the general fund and the termination of the original CBIF resolution and redefining the CBIF fund with the same source of funds. It would also provide for a program that would provide grant money for any resident or business owner that had received a code citation to fix a problem with their property. In order to receive grant funding the resident or business owner would have to show a financial hardship and meet certain criteria.

Re: Community Beautification Improvement Fund

Subject:

Resolution to transfer all but \$10,000 from the Community Beautification Improvement Fund (CBIF) reserve account to the General Fund undesignated fund balance. Rescind the original resolution (No. 17, 1998) establishing the CBIF. Approve the continuation of an updated CBIF grant program. These changes will also clarify the function of the grant program.

Report in Brief:

The Community Beautification Improvement Fund was established in 1998. It provided for monies to improve homes that were cited for a code violation. It also provided for façade grants in the Park Avenue Downtown District (PADD). 20% of all code fines collected are put into this fund reserve account. To date there is more than \$93,000 in this account. This is due to the fact that Code fines have been accumulating for the last 11 years and there is now a surplus in the Fund. In the past, few homeowners or business owners applied for these funds. Last year the fund awarded \$9,020 in grant funds. Staff suggests that \$10,000 be left in the fund to provide for future grants requests. This resolution would authorize the transfer of all but \$10,000 to the general fund and the termination of the original CBIF resolution. It would also provide for a program that would provide grant money for any resident or business owner that had received a code citation to fix a problem with their property. In order to receive grant funding the resident or business owner would have to show a financial hardship and meet certain criteria.

Background:

The Community Improvement Beautification Fund (CBIF).

This program is overseen by staff and the Town Commission. Funding comes out of the CBIF reserve account. There are two distinct components to the existing Fund.

The residential component. The CBIF was originally set up by resolution in 1978 (17 – 1998). The fund receives its revenues from the set aside of 20% of all collected code violation fines. When a fine is paid 20% of that fine is placed in the CBIF reserve account. For a homeowner to be eligible to receive a residential grant the applicant must have been issued a code violation and must be the owner of the property. There must be a demonstrated financial hardship in the ability of the homeowner to comply with the code. The components of the program are not clear. Town Commission only approved the concept of a grant program and left the details of the program to staff (T. Leary). It is not clear what the final components were but it appears as though staff could approve up to a \$3,000 grant and anything over that had to be approved by the Town Commission.

Patrick Sullivan, AICP Director
Community Development Department

psullivan@lakeparkflorida.gov

The applicant was encouraged to match up to 50% of the cost. However, the Town may fund up to 100% depending on the particular situation but there was no established criteria for determining the actual match.

The commercial component. Following the creation of the CBIF the Town decided to extend the program to commercial entities in the TCC or what is now known as the PADD. The creation of this program was not done by resolution. It was done by a motion, at a regularly scheduled TC meeting, that authorized staff to expand the criteria for the CBIF to include façade improvements to the TCC district. The motion passed 5-0. Staff discontinued the requirement that there must be a code violation for the commercial component. Included in the criteria as acceptable projects were signs, landscaping, painting, canopies, and lighting grant requests. The program, in effect, became a de facto façade improvement program. This is no longer needed in the PADD as the CRA now provides for all grants and loans in that area. However, there is still a need for such a program in the commercial areas outside of the CRA. The program should be tied to a code violation.

Legal Issues:

There do not appear to be any legal issues. The Town Commission has full authority as to the distribution of the fund.

Discussion:

It is expected that an average of \$7,000 to \$10,000 per year will be given out in grant monies over the next few years. Small grant awards are important because many code violations require more than the resident or business owner can afford and more than they can readily accumulate without getting a major loan. For example, a homeowner might be able to provide up to \$2,000 for a roof repair but often that repair can run \$4,000 to \$6,000. A \$3,000 grant along with the \$2,000 match can resolve the situation.

Under the present funding criteria staff requires the following:

- a. Grant awards are paid as reimbursement only. If you receive a grant for re-roofing your house the actual payment does not occur until after the roof is complete and the roofer submits a bill to the Town for reimbursement.
- b. The grant recipient must provide at least 25% of the total cost of the renovation unless there is evidence of extreme financial hardship.
- c. Applicants must also enter into a second mortgage or provide a promissory note to repay the grant to guarantee the continued tenancy in case the applicant decides to move or sell soon after the repairing the property. This prevents them from profiting from the town's grant dollars.
- d. A financial hardship is considered when the applicant is unable to pay some or all of the cost of the repair. The applicant must provide tax returns and other supporting documents that show they are unable to accrue the necessary funds to effect the improvement.

Given the economic hardships that the Town faces, it seems prudent to consider redirecting the excess monies in the CBIF to the general fund undesignated fund balance.

For fiscal year 2008-09 the fund expended \$9,000 in grants.

The fund balance is in excess of **\$93,000** as of today.

Effect:

Staff believes that there will be minimal impact on the community since the fund will remain intact and have a minimum of \$10,000 per year for code problems.

Public Contact:

Public notice for this ordinance has been provided by the Town Clerk's office according to state statute. In addition notice has been posted at Town Hall and is listed on the Town Commission upcoming agenda on the Town's web site.

Fiscal Impact:

This action will allow for approximately \$83,000 to be returned to the general fund undesignated fund balance.

Recommendation:

Staff recommends:

1. Fund the CBIF program in the amount of \$10,000 per year. Funds would be generated by taking 20% of code fines to replenish the fund. Monies in excess of \$10,000 would be returned to the General Fund at the end of the year.
2. To address the present fund balance, leave a minimum amount of \$10,000 in the fund reserve account for existing applications; and transfer the remaining monies in the CBIF to the general fund undesignated fund balance.
3. Continue to reserve 20% of all code fine collections and deposit in the CBIF reserve account.
4. The adoption of existing criteria under the CBIF for granting the money.

A financial hardship is evident when the applicant is financially unable to pay some or all of the cost of the repair. The applicant shall provide tax returns and other supporting financial documents that show they are unable to secure the necessary funds to effect the improvement.

c. The grant recipient may be required to enter into a second mortgage or provide a promissory note to repay the grant to guarantee the continued tenancy of the grantee.

5. Should the funds in the reserve account exceed \$10,000 at the end of the fiscal year, this amount thereof shall be transferred to the General Fund Undesignated Fund Balance.

Section 5. This Resolution shall become effective immediately upon adoption.

Mr. Mark Rutledge, Store Manager
Wal-Mart Supercenter
101 North Congress Ave
Lake Park, FL 33403

Dear Mr. Rutledge:

On behalf of the children and citizens of Lake Park, I would like to thank you for your generous sponsorship of the after school programming conducted by the Town's Parks and Recreation Department.

In this trying economy, it is difficult to maintain the high caliber of programming the children of Lake Park have traditionally received. Yet it is critical that we find ways to do just that. It is through the generosity and support of corporate sponsors like Wal-Mart that we are able to provide after-school programming. By providing targeted youth with creative, supervised activities, we strive to keep them safe and out of trouble. We work to help program participants grow into citizens who are able to participate fully in the economic and social mainstream.

We have posted a copy of the enclosed certificate to our website at www.lakeparkflorida.gov, on the local Government Access Cable Channel 18, and all Lake Park E-News subscribers will be notified of your contribution. Registration forms for the fall programming will carry the Wal-Mart logo as a program sponsor. We have other sponsor benefits that will be instituted later on, but for now, we want to recognize this contribution publicly.

Thanks again for being a great corporate citizen, and for your ongoing support of the Town's youth programs.

Sincerely,

Desca DuBois
Mayor

Summary Explanation/Background: This is an ordinance to provide for the rules and regulations for the installation, use and enforcement of parking meters within the boundaries of the Town. It also prohibits parking on Lake Shore Drive and the streets between Lake Shore Drive and Federal Highway. This is designed to limit congestion and parking on streets where there are no meters.

Re: Parking Meter Ordinance

The first part of the ordinance Section 30-2 is being amended to prohibit parking in unmetered spaces along Lake Shore Drive and the side streets between Lake Shore Drive and Federal Highway. This will limit congestion and parking on the non-metered streets. Right now there is no prohibition on parking on the streets. The streets are generally 25 feet wide which is sufficient for two lanes of traffic but is too narrow for parking. Greenbriar and Foresteria are 40+ feet wide to accommodate on street parking.

Section 30-71 provides for the Commission to approve parking meter locations upon the recommendation of the Town Manager. It also provides for a method to establish rates by resolution.

Section 30-72 makes it a violation to park in a metered space without paying a fee for the space. It also requires the display of a receipt on the dashboard of the vehicle if the space is covered by a pay and display station.

Section 30-73 provides for the Town to collect the fees from the meters.

Section 30-74 makes it illegal to damage meters or pay stations. It allows for unpaid parking for special events if so directed by the Town. It details the method of writing parking tickets.

Section 30-75 provides the method of enforcement for illegal parking. It also provides for the distribution of 3 or more unpaid parking tickets to the clerk of the courts in Palm Beach County which may result in the inability of the ticketed car to be issued a new license plate when renewal time occurs unless the fines are paid. This section also provides for the Town to use any legal method it chooses to collect unpaid tickets (e.g. a collection agency).

Section 30-76 provides definitions for wording that appears in the ordinance.

Summary Explanation/Background: This is an ordinance that allows the Town to require businesses that are not required to pay a business tax receipt to register as an out of town vendor and pay a fee for processing the business registration. Many businesses do business in the town but do not have a permanent place of business in the town and if they have a business tax receipt from another town then they do not have to obtain a business tax receipt in Lake Park. Also, if the business is regulated by the state of Florida and does not have a place of business in the town it is exempt from the town's business tax receipt and the town's business registration. As an example, out of town attorneys are exempt from the registration because they are regulated by the state. Out of town landscape/mowing services are not regulated by the state and are therefore subject to the town's business registration. The fee for a business registration is set by resolution.

34 **WHEREAS**, after conducting an analysis of the operations of other south Florida
35 municipalities with respect to the imposition of such a registration fee. Town staff has concluded
36 that many municipalities have business registration programs pursuant to which, the
37 municipalities register business enterprises; and

38 **WHEREAS**, Town staff is recommending that the Town Commission adopt this
39 Ordinance which establishes an annual business registration fee for such businesses, professions,
40 and occupations; and

41 **WHEREAS**, the Town will incur expenses as a result of regulating certain businesses in
42 the interest of protecting its residents and visitors;

43 **WHEREAS**, in enacting this Ordinance and establishing a Town business registration fee
44 procedure, the Town is authorized pursuant to Section 166. 021, F.S. to recover the
45 administrative costs of this consumer protection activity on such businesses, occupations, and
46 professions; and

47 **WHEREAS**, the Town Commission, after due notice and public hearings, has
48 determined that the adoption of registration fees would further the public health, safety and
49 general welfare.

50 **NOW, THEREFORE, BE IT ORDAINED BY THE TOWN COMMISSION OF**
51 **THE TOWN OF LAKE PARK:**

52 **Section 1.** The whereas clauses are hereby incorporated as true and correct as the
53 legislative findings of the Town Commission.

54 **Section 2.** Chapter 2, Article VI, Sections 2-320, 2-321, 2-322, 2-323, and 2-324 of the
55 Code of Ordinances of the Town of Lake Park, Florida are hereby created to read as follows:

56 **Article VI. TOWN BUSINESS REGISTRATION FEE ESTABLISHED.**

57 **Sec. 2-320. Business registration fee required for certain businesses.**

58 (a) Pursuant to F.S. § 166.221, the Town is authorized to levy reasonable business,
59 professional, and occupational regulatory fees, commensurate with the cost of the
60 regulatory activity, including consumer protection, on such classes of businesses,
61 professions, and occupations, the regulation of which has not been preempted by
62 the state or Palm Beach County pursuant to its Charter.

63 (b) The business registration fee shall be applicable to all persons, businesses,
64 professions, occupations, or other entities who conduct, perform, carry-on, and
65 engage in any form of business within the Town, unless the business or trade is
66 regulated by the state of Florida Department of Business and Professional
67 Regulation or the provisions of Section 205.042, Fla. Stat., which authorizes a
68 business tax to be levied and paid to the Town.

69 (c) The amount of the Town's business registration fee shall be determined by the
70 Town Commission pursuant to the Town Commission's adoption of a Resolution
71 which may be amended from time to time. The Commission may choose to
72 amend the Resolution in order to adjust the business registration fee to ensure that
73 the fee is commensurate with the Town's cost of administering the regulation of
74 those businesses, occupations, and professions subject to regulation.

75 **Sec. 2-321. Application for business registration receipt.**

76 Any person or entity which is engaged in a business, occupation, or profession who is
77 required to pay a business registration fee to the Town shall submit a technically complete,

78 witnessed and notarized application on a Town generated application form to the Town's
79 Finance Department , together with the applicable business registration fee prior to commencing
80 any business activities or operations in the Town. As a prerequisite to obtaining a business
81 registration receipt, the applicant shall present to the Town's Finance Department either: (1) a
82 copy of the applicant's current certificate of good standing or fictitious name registration issued
83 by the Division of Corporations of the Florida Department of State; or (2) a written and sworn
84 statement, signed by the applicant, which sets forth the reasons why the applicant need not
85 comply with the Fictitious Name Act, and (3) a copy of the applicant's then-current original
86 business tax receipt issue by another municipality, county, or both. The applicant may also be
87 required to provide the Town with additional relevant information pertaining to the operations of
88 the business, occupation, or profession to be registered, should the Town deem that additional
89 information and/or data is required to make an informed determination on the disposition of the
90 application. If the application is determined to be technically sufficient and complete and the
91 applicable business registration fee is paid in full, the Town shall issue the applicant a business
92 registration receipt issued in the name of the business, occupation, profession, or other form of
93 business entity.

94 **Sec. 2-322. Issuance of a business registration receipt.**

95 (a) Business registration receipts shall be sold by the Town's Finance Department
96 beginning on August 1 of each year, are due and payable on or before September
97 30 of each year, and expire on September 30 of the succeeding year. If
98 September 30 falls on a weekend or holiday, the fee is due and payable on or
99 before the first business day following September 30. A business registration

100 receipt is not valid for, and will not be issued for more than one (1) year. All
101 business registration receipts expire on September 30 of each year.

102 (b) Business registration receipts that are not renewed when due and payable, shall be
103 automatically deemed to be delinquent, and shall be subject to a delinquency
104 penalty of 10% for the month of October, plus an additional 5% penalty for each
105 subsequent month of the delinquency until paid in full. For each business
106 registration receipt obtained between October 1 and March 31, the full annual
107 business registration fee shall be paid by the applicant. For each business
108 registration receipt obtained by applicants between the period of April 1 and
109 September 1, one-half of the full annual business registration fees shall be paid by
110 the applicant. Upon payment of the applicable business registration fee the Town
111 shall issue a business registration receipt to the applicant, which receipt shall be
112 valid for a period of one year, and must thereafter be renewed for each year
113 thereafter the business, occupation or profession does business within the Town.

114 **Sec. 2-323. Conducting business based upon false statement prohibited.**

115 (a) It shall be unlawful for any person or entity to engage in any business,
116 profession, or occupation which is subject to this article to engage in its business,
117 occupation, or profession without a valid business registration receipt, or to
118 conduct business using a business registration receipt, which was issued, based by
119 the Town upon false statements made by a business tax receipt applicant or an
120 applicant's agent.

121 (b) Any business registration receipt that was issued based upon any false statement,
122 shall be deemed void *ab-initio*. In such event, the business registration receipt
123 shall not vest the business registration receipt holder with any rights or privileges,
124 nor shall the Town's issuance of the illegally issued business registration receipt
125 serve as any affirmative or other defense such as estoppel or waiver against the
126 Town. Furthermore, the illegally issued business registration receipt shall not
127 immunize or protect the business registration receipt holder (or its agent who
128 submitted same) from prosecution for transacting business without the requisite
129 business registration receipt.

130 **Sec. 3-324. Enforcement of violations of registration requirements.**

131 (a) Violations of the requirements of this article may be enforced by the Town
132 through the Town's Code Compliance Procedure in accordance with the
133 provisions of Chapter 162, Fla. Stat., and the Town Code. In the event of a
134 violation of this article, the Town also reserves its rights to pursue any and all
135 other legal remedies available to the Town.

136 (b) In any quasi-judicial, judicial, or other proceeding which is based upon a
137 violation(s) of this article, evidence that a person or entity is engaging in, or has
138 engaged in a business, occupation, or profession or other form of business entity
139 which requires a Town business registration receipt, including but not limited to
140 evidence that the violator and/or the violator's agents or tenants, displayed and/or
141 distributed advertising, signage, marketing materials and the like; placed business
142 listings in trade journals, phone books, websites, and/or other forms of media;

143 and/or any other indicia that the alleged violator is holding itself out to the public
144 as being engaged in a business, profession, occupation regulated by this article,
145 shall constitute prima facie evidence of the existence of the alleged violation. In
146 such case, there shall be a rebuttable presumption in favor of the Town that the
147 alleged violator is or was, engaging in a business, occupation, profession in
148 violation of this article, and the burden of proof shall be automatically shifted to,
149 and placed upon the violator. Thereafter, the alleged violator may seek to rebut
150 the presumption of a violation of this article by the presentation of relevant and
151 competent substantial evidence.

152 (c) A code enforcement proceeding or judicial proceeding may be commenced by
153 the Town against any person, or other entity that engages in, or manages any
154 business, occupation, profession within the Town for failing to: (1) obtain a
155 business registration receipt or for registering its business, occupation or
156 profession based upon the submission of an application which contains false
157 statements to the Town by the applicant or the applicant's agent, or, (2) failing to
158 pay the applicable business registration fee.

159 (d) Anyone who is found in violation of the provisions of this article shall be subject
160 to the imposition of a fine of up to \$250.00 per day, per violation, for each and
161 every day that a violation continues. In addition, a violator found in violation shall
162 also be subject to the imposition of the Town's delinquency penalty, and the
163 imposition of the Town's administrative costs and legal fees, the imposition of
164 liens on the real and personal property of the violator, and the award of any other

165 relief deemed necessary and appropriate by the presiding special magistrate,
166 hearing officer, compliance board, judge or tribunal.

167 (e) Any final order finding a violation of this article and imposing fines and costs for
168 the violation, shall constitute a valid lien in favor of the Town against all real and
169 personal property of the violator, as provided in Chapter 162, Fla. Stat., (2009), as
170 amended from time to time.

171 **Section 3. Severability.** If any section, subsection, sentence, clause, phrase, or portion
172 of this Ordinance is for any reason held invalid or unconstitutional by any court of competent
173 jurisdiction, such portion shall be deemed a separate, distinct and independent provision and
174 such holding shall not affect the validity of the remaining portions thereof.

175 **Section 4. Repeal of laws in conflict.** All Ordinances or parts of Ordinances in conflict
176 herewith are hereby repealed to the extent of such conflict.

177 **Section 5. Codification.** The Sections of the Ordinance may be re-numbered or re-
178 lettered to accomplish such, and the word "Ordinance" may be changed to "Section", "article", or
179 any other appropriate word.

180 **Section 6. Effective Date.** This Ordinance shall take effect immediately upon adoption.

SECTION 1

Health Insurance Evaluation

Due to the concern regarding the rising healthcare inflation rate in the State of Florida, as well as the budget reductions facing municipal governments, the Town of Lake Park's agent of record, the Gehring Group, initiated renewal discussions with the City's current health insurance carrier, BlueCross BlueShield of Florida in order to maintain the current benefit structure while reducing the overall renewal impact on a fiscal basis.

Although the Town has made several plan design changes over the past few years, the Town still maintains a competitive health insurance plan throughout the County. Initially BlueCross BlueShield of Florida provided an overall renewal increase to the Town at a 15.5% increase in current premiums. After subsequent negotiations the Gehring Group was able to negotiate the renewal to a 9.8% increase. This negotiation resulted in a savings of approximately \$20,211.

In addition to renewing the current plan with no benefit changes, the Gehring Group continues to analyze alternate plan designs to determine if greater savings may exist by offering an HMO plan, High Deductible plan, or a combination of plans. If the Town were to add an additional plan alongside its current medical plan, BlueCross BlueShield would apply a risk factor rating, increasing the renewal up to and additional 4% greater than the 9.8% proposed. At this time the savings associated with offering a high deductible plan are not substantial enough for the Town to be able to offer a health savings account to offset the high deductible(s).

Upon review of the negotiated premiums and benefits associated with the proposed alternatives, the Gehring Group along with Town staff have determined that the most viable option for the Town at this time is to renew its health insurance coverage with BlueCross BlueShield of Florida with no changes in the schedule of benefits at an overall

premium increase of 9.8%. The fiscal impact is an increase of approximately \$43,513 effective October 1, 2009 through September 30, 2010.

Dental Insurance Evaluation

The current dental program is an employer-sponsored program offered through Lincoln Financial (formerly Jefferson Pilot Financial) and consists of a single option PPO dental plan.

Upon review of the plan claims paid for the current year, Lincoln Financial offered a rate pass for the upcoming plan year. Upon review of the renewal evaluation with Town staff, it is recommended that the Town renew its dental insurance program with Lincoln Financial and maintain the current dental plan for the upcoming 2009/2010 plan year.

Life Insurance Evaluation

The Town of Lake Park currently offers all employees one times their annual salary to a maximum of \$50,000 of basic life and accidental death and dismemberment insurance. Employees are able to purchase an additional benefit up to \$250,000.

This benefit is currently being provided by Lincoln Financial. Upon review of the plan claims paid for the current year, Lincoln Financial offered a rate pass for the upcoming plan year as well as a two-year rate guarantee through 2011. It is recommended that the Town renew its life insurance program with Lincoln Financial and maintain the current basic life and accidental death and dismemberment insurance for the upcoming 2009/2010 plan year.

Short Term & Long Term Disability Insurance Evaluation

In addition to the dental and life insurance being offered by Lincoln Financial, they also provide the short term disability and long term disability insurance for the Town's employees.

In 2007 rates for the long term disability plan were guaranteed through September 30, 2009. As a result of the long term disability rate guarantee claims are exceeding premium paid by 190% with three employees currently receiving disability claims or 6% of the employee population. As a result of this loss ratio Lincoln Financial has proposed a 15% increase in premium, which represents \$1,504 annually. The short term disability plan's loss ratio 95% of premium paid towards claims. As a result of this loss ratio Lincoln Financial has proposed a 5.9% increase in premium, which represents \$1,245 annually. Considering that the short term and long term disability benefits are associated with dental and life insurance offerings as well as the enhanced plan benefits, it is the recommendation of the Gehring Group that the Town renew its short and long term disability insurance October 1, 2009 with Lincoln Financial at the requested \$2,749 annual increase.

Vision Insurance Evaluation

The Town of Lake Park currently offers employees and their dependents vision insurance through Humana / VisionCare. The current rates for the vision plan will remain unchanged for an additional two year period until September 30, 2011. The Gehring Group was able to negotiate with Humana / VisionCare to extend the rates at no increase. The Gehring Group recommends that the Town continue its vision insurance with Humana / VisionCare effective October 1, 2009.

If the employer wishes to pay for extended sessions for employees, the rate for the session is \$150.00 per hour billed monthly. Should this Agreement terminate pursuant to Section XI or by non-renewal, employees / eligible family members may elect to continue counseling and pay out of pocket or use insurance benefits based on CFS' fee schedule. Upon termination of an employee, the employee / eligible family member receiving services may also convert to self-pay or use CFS' fee schedule and shall be responsible for her/his own fees.

Equivalent Stormwater Unit Determination
The ESU is defined by the equation $ESU = \text{Impervious Area} + 0.25 * \text{Pervious Area}$ for the average single family parcel
That determination is as follows:

Average Single Family Parcel Area	10,382 S.F.
Average Single Family Building Area	2,260 S.F.
Average Single Family Paved Area	1,215 S.F.
Total Imp. Area	3,475 S.F.
Average Single Family Pervious Area	6,908 S.F.
Adjusted Single Family Pervious Area	1,727 S.F.
An ESU is therefore:	5,202 S.F.

The number of ESU's for a lowhome or non-residential site is determined by taking the impervious area and adding 25% of the pervious area and dividing that sum by the 5,202 S.F. of the average single family parcel. For example, a parcel with 25,000 S.F. of pavement and 10,000 S.F. of landscaping would have an ESU total of $25,000 + (10,000 * 0.25) = 27,500$ divided by 5,202 = 5.29 ESU

Summary Explanation/Background: The August 5, 2009 Town Commission agenda included a presentation of Marina overflow parking proposed for the Town owned property west of Lakeshore Drive. The Commission directed staff to revise the parking lay out showing 90 degree parking not dependent on egress thru private property. Three 90 degree parking plans will be presented each having different screening options afforded adjacent private properties. Approval to proceed with construction incorporating a specific screening option is requested.
