HUMAN RESOURCES (GF 105)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

The goal of the Human Resources Department is to support the Town's mission by creating an environment to help promote the efficient and effective delivery of municipal services to the Town by its employees. Among this department's major responsibilities are the following:

- ▶ Human Resource Planning
- ▶ Human Resource Policy Development
- ▶ Employee Training and Development
- ▶ Employee Classification and Compensation
- ▶ Employee Benefit Planning
- ▶ Labor Relations
- ▶ Risk Management

In terms of the efficient delivery of departmental services, the departmental responsibilities outlined above have continued to be carried out in a cost-effective, accurate and timely manner. For example, this fiscal year the Human Resources Department conducted the national Town Manager search to fill the vacancy resulting from the retirement of Dale Sugerman. Such Town Manager search was successful in that a new Town Manager was hired by the Town effective 5/1/2015. The Human Resources Director also served as the Interim Town Manager from 1/26/2015 until 4/30/2015.

The Human Resources Department has continued its ongoing program of employee training focusing on compliance issues, and the Human Resources Director has continued to work with the Florida League of Cities and the Public Works Director in ensuring that the Town's workplace is a safe and healthy environment in which Town employees work, and which customers visit. Such safety initiatives have continued to significantly reduce the number of workplace accidents and workers' compensation claims and have resulted in a decrease in our workers' compensation insurance premiums.

In terms of promoting employee wellness, the Human Resources Department has arranged to bring the Jupiter Medical Center Wellness-in-Motion mobile unit back onsite to make various health screenings available to Town employees, and will do so again in FY 2016.

Schedule 4

Account #	Account Name	Task, Description, and/or Vendor	Cost
105-48100	Advertising	Palm Beach Post; International City/County Management Association; American Planning Association; Florida American Planning Association; Florida Government Finance Officers Association; and, other professional organizations as needed for which there is a cost for employment advertising. It is being proposed that this be increased from the \$5,000 budgeted in FY 2015 to \$6,000 for FY 2016 because of the high degree of job advertising that has taken place so far this fiscal year. With 75 percent of the fiscal year completed (as of 6/24/2015), this account shows a net availability of minus \$26.	6,000
105-51000	Office Supplies	Staples and Office Depot, and an additional \$1,000 to cover the cost of color and black and white printing for other departments, etc. which is taking place on the HR Department Toshiba copier/printer and cannot be separated out because no print meter has been installed on this equipment. The HR Department also bears the full cost of paper purchased for all printing and copying done on this equipment. This is being proposed as level funded from FY 2015.	2,250
105-54200	Membership, Dues & Subscription	Society for Human Resource Management (\$180.00 approx. membership renewal fee for HR Director); and, Business and Legal Reports (\$596.95 for What To Do about Personnel Problems in Florida [\$557.00 plus \$39.95 shipping cost]). PROPOSED INITIATIVES with DETAIL
FISCAL YEAR 2015-16

Schedule 5

Project Title	Description and Justification	Revenue	Cost
Removal from the Parks and Recreation Department budget of the 38 percent budgeted for the Administrative Assistant position	Due to the increased Human Resources Department workload and increased level of responsibility assigned to this position, and the demand for an increase in the percentage of hours to be afforded to recreation duties including the increase in work on rentals from a part-time activity to a full-time activity which cannot be accomplished within the 38 percent budgeted for this position for the Parks and Recreation Department, it is being proposed that the 38 percent budgeted for this position for Parks and Recreation be removed, and that 100 percent of the costs for this position be budgeted in the Human Resources Department. The cost of this would be 38 percent of \$38,750 which is the total cost per year of the second initiative (below).		\$ 14,725
Upgrade of Administrative Assistant Position	<p>Upgrade of the current Administrative Assistant position to Assistant to the Human Resources Director to reflect the increased Human Resource responsibilities assigned to the employee in the position of Administrative Assistant. This action would require the amendment of the classification plan to include the new job description of Assistant to the Human Resources Director. The hourly pay range proposed for this position is \$18.63 per hour to \$25.07 per hour which is consistent with the hourly rate for the current position of Assistant to the Public Works Director. Such action would result in a \$4.30 per hour increase in the current hourly pay rate of \$14.33 (\$29,806 per year) for the position of Administrative Assistant to bring the employee up to minimum hourly rate of \$18.63 (\$38,750 per year) for the proposed new position, or an additional \$8,944 per year. To prepare her for such increase in responsibilities, the employee currently in the position of Administrative Assistant has undergone extensive on-the-job Human Resource training by the Human Resources Director as well as training through the Florida Employment Law Seminar (in March of 2014) which provided her with an understanding of how to comply with Federal and State employment laws and regulations impacting management, i.e.:</p> <ul style="list-style-type: none"> Federal and Sate Wage and Hour Laws; Employment at Will; Wrongful Discharge; Sexual Harassment; Legal and Illegal Interview Questions; Conducting Effective Reference Checks; Personnel Recordkeeping Requirements; How to Comply with the Americans with Disabilities and the Family Medical Leave Acts; How to Discipline and Discharge Employees Legally; and Dealing with Special Disciplinary Problems 		\$ 8,944

TOWN OF LAKE PARK - ANNUAL BUDGET
FINANCE DEPARTMENT (General Fund 150)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

The overall goal of the Town of Lake Park's Finance Department is to assure the effective and efficient use of the Town's fiscal and monetary resources and to safeguard Town assets.

Among the Finance Department's responsibilities are the development of the Town's fiscal budget; the development and implementation of financial and accounting reporting policies, procedures, and practices in accordance with Government Accounting Standards Board pronouncements and other legally mandated standards; and, the development of sound record keeping and centralized public financial services in order to meet the highest promulgated standards.

Goals for the current and upcoming year are:

- ❖ Maintain a high level of transparency, openness, and disclosure with the Town Commission and the Senior Staff
- ❖ Work towards a effective and efficient team in the Finance Department
- ❖ Develop a plan to engage the community and the Commission in the financial planning of the Town, i.e. long term planning, budgeting, and specific proposals
- ❖ Stabilizing the Town's short term and long term financial position

Recap

Contracted with Palm Beach County Fire Rescue

Palm Beach County Fire/Rescue Millage Rate for FY 2013 was 3.4581

Palm Beach County Fire/Rescue Millage Rate for FY 2014 was 3.4581

Palm Beach County Fire/Rescue Millage Rate for FY 2015 was 3.4581

Palm Beach County Fire/Rescue Millage Rate for FY 2016 is 3.4581, but with the adoption of the MSTU the funds will not pass through the Town of Lake Park

The calculated amount of the payment would have been \$1,813,451 or a \$157,696 increase.

John O. D'Agostino, Town Manager
Town of Lake Park
535 Park Avenue
Lake Park, FL 33403

Dear Mr. D'Agostino:

**Palm Beach County
Board of County
Commissioners**

Shelley Vana, Mayor
Mary Lou Berger, Vice Mayor
Hal R. Valeche
Paulette Burdick
Steven L. Abrams
Melissa McKinlay
Priscilla A. Taylor

Based on the July 1 property values, Palm Beach County Fire Rescue has submitted a proposed millage rate of **3.4581** for FY 2016. This rate is **7.11% over** roll-back. The Board of County Commissioners (BCC) will consider this proposal at their July 21st budget workshop and will authorize a rate to be submitted to the Palm Beach County Property Appraiser. The BCC will consider and adopt a final millage rate during the budget public hearings on September 8th and 21st.

Please note Florida Statute 125.01 (1)(q) states as follows:

"... If ad valorem taxes are levied to provide essential facilities and municipal services within the unit, the millage levied on any parcel of property for municipal purposes by all municipal service taxing units and the municipality may not exceed 10 mills..."

Therefore, the Town of Lake Park millage rate cap of 10 mills will be reduced by the Fire Rescue MSTU millage rate.

Please contact me if you have any questions or need additional information.

Sincerely,

Michael Martz, Director of Finance
Palm Beach County Fire Rescue

TOWN OF LAKE PARK - ANNUAL BUDGET
PUBLIC WORKS ADMINISTRATION (GF 400)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

CORE VALUES:

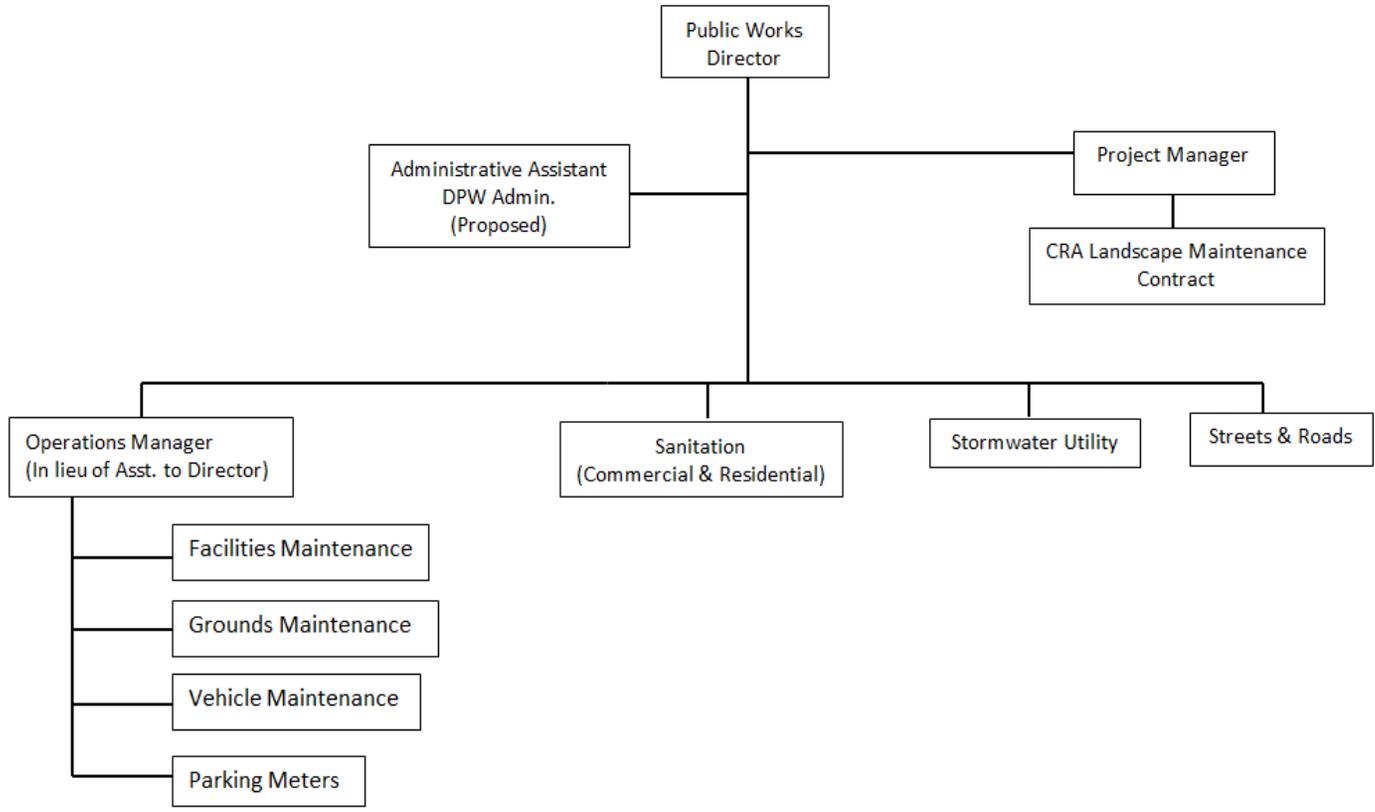

- *Safety and welfare of Town personnel and residents
- *Maintenance of capital projects and other projects (construction of bid proposals, contracts, agenda items, maintenance of operations, etc.)
- *Customer service with complaint resolution
- *Support of all Public Works Divisions via work order management, vendor communications and work coordination, safety training, payroll, budget maintenance, etc.
- *Communications hub for inter-departmental operations

Department of Public Works Administration provides support services to the eight divisions of Public Works. Administration provides support in the form of cost accounting/budget maintenance, issuance of work orders, payroll, working with vendors; facility supplies and safety gear. Most importantly, the Public Works Department Administration is the first point of contact for the Town when residents and businesses are in need of Sanitation services or are reporting unsound conditions of sidewalks and roadways.

Administration also works on capital projects, miscellaneous maintenance projects, prepares cost estimates and Commission agenda items. One of the goals set for this year is to establish a five year improvement plan to identify and prioritize areas in need of repair or improvement. This will facilitate the budget preparation process.

The Assistant to the Public Works Director responds to incoming calls between the hours of 7:30 a.m. until 4:00 p.m. thus providing an efficient first response to the caller. The entire Public Works Department endeavors to provide a caller or visitor to the Department with a small town, personalized attention experience.

CORE VALUES:

- *Safety of personnel and general public
- *Keeping parks and town greenways well manicured for a positive town image
- *Keeping sports and play areas well cared for to support the recreation department's programs
- *Maintain qualified personnel and efficient machinery/equipment to support timely and effective operations

The Grounds Maintenance Division is an important part of the Public Works Department for the Town. This Division is responsible for taking care of all the green areas throughout the Town except Park Avenue, 10th Street, and the Marina.

By keeping greenways and common areas well manicured and groomed, this Division improves and maintains the Town's positive image which ultimately contributes to attracting new residents as well as providing current residents a beautiful and safe place to live. We keep the parks well maintained to continue with that small town atmosphere. We hope that the well maintained parks and recreation areas create a welcoming space for residents to come together with their neighbors, families, and friends.

PUBLIC WORKS - FACILITY MAINTENANCE (GF 408)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

CORE VALUES:

- *Safety and welfare of Town personnel and general public
- *Upkeep of Town historical buildings and other buildings
- *Maintenance of proper air quality throughout Town buildings, including a/c, ventilation, heating, etc.
- *Support of special events put on by Recreation Department
- *Maintenance of facility lighting

Our mission in Facilities Maintenance Division is to provide safe and well maintained public spaces in order to enhance visitor and staff users' experience. In keeping with our small town atmosphere, personnel promptly and courteously responds to calls for service.

We keep the Town looking "fresh", and we run the Division as efficiently as possible. We are pro-active in our maintenance by using inspection forms when checking buildings and playgrounds on a regular basis. We regularly paint and pressure clean, keep buildings well lit, and the plumbing functioning. This Division also manages the majority of contract vendor services which include A/C maintenance, custodial services, pest control, and building security systems.

We setup for special events, decorate for the holidays and prepare for hurricanes. This is the most versatile Division in Public Works.

Our clean buildings, parks, and Marina make Lake Park an inviting place people want to visit year round.

TOWN OF LAKE PARK - ANNUAL BUDGET

COMMUNITY DEVELOPMENT (GF 500)

DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES

FISCAL YEAR 2015-16

The Community Development Department is committed to delivering personalized service while encouraging a safe, well-designed and well-maintained physical environment in an effort to facilitate balanced growth, preservation and revitalization.

The Town's Community Development Department is divided into three divisions: [Planning and Zoning](#), [Building](#), and [Code Enforcement](#)

"THE ONE-STOP SHOP"

What is Planning?...and What is Zoning?

ZONING

The Town's zoning is regulated by the Town's Code of Ordinances. These zoning regulations regulate land use across the Town and shape buildings and neighborhoods. They are needed tools for preservation and physical and economic development. They ensure the public's health, safety and welfare.

PLANNING

Planning is a process that helps communities solve problems, protects important community features, and guides how the community will grow and change in the future. The Town's Community Development Department plays a key role in ensuring that the community's voice is heard; that key stakeholders are properly informed and engaged; and that the community's vision and resources are maintained for years to come.

In the upcoming fiscal year, the Town's Planning and Zoning Division, through the direction of the Town's Community Development Director and the assistance of the Town Planner and administrative staff, will continue to work on various projects namely, the Mixed-Use Overlay Zoning District; and additional Code modifications that will serve to provide current and innovative practices. In addition, staff will continue to work with interested stakeholders in the development and redevelopment of parcels in the Town to improve the Town's aesthetic and increase property values. Several development projects are currently in the pipeline and Town staff will continue to work with the various stakeholders in order to ensure viable developments. In addition, a continued focus on effective customer service methods will continue to be used in order to ensure the retention of existing businesses.

FISCAL YEAR 2015-16**

BUILDING

What is the Building Division?

The Building Division employs the necessary personnel to make certain that residential, commercial and industrial structures and uses are properly constructed and meet all local, State and Federal requirements through the processing of all related permit applications and inspections. For example, a commercial big box store such as the Kohl's department store located in Town generated the following:

Approximately 25 building permits ranging from the initial land clearing permit to the general construction permit and the various permits for each trade (mechanical; plumbing; electrical, and so on). This type of project, which would have initiated in the Planning and Zoning Division referenced above, generated approximately \$65,000 in building permit and review fees to the Town and increased the property value more than 6 million dollars and the tax base more than \$200,000, with close to \$20,000 being provided to the Town. The Town's Building Division plays a key role in ensuring all projects, whether large or small, are adequately permitted and appropriately stored in our database.

Fiscal Year 2015/2016 is important to the Town because it will certainly present itself as a year with economic opportunity that will hopefully help initiate the creation of a sustainable economic base for the Town for years to come, through projects that will be completed in their construction phase and new projects that may be focused along our envisioned Mixed-Use Federal Highway corridor.

The Building division also ensures that all businesses are properly registered with a local business tax receipt. A business tax receipt is proof of payment of a business tax and is required within 30 days of business opening. The application process protects the Town's neighborhoods by ensuring that the proposed use is compatible with the surrounding area and by ensuring that the proposed use meets any applicable Florida Building Code or Palm Beach County Fire Prevention Code regulations. **In the 12-month period ranging from May 2014 through April 2015, the Town's Building Division, through building permits, new business tax receipts and associated fees, generated a total of over \$160,000!**

CODE ENFORCEMENT

What is Code Enforcement?

Code enforcement is a complex process that involves the joint efforts of the department Director, Code Compliance Officers, Planner and administrative staff. The Planner plays a key role in delivering zoning information which is sometimes time sensitive in the initial stages of a Code enforcement citation, thereby enforcing the need for the Planner to be a full-time position. Code enforcement is a very important function for the Town to accomplish Town-wide goals. It helps empower the citizens of the community to create and maintain safe, healthy and attractive life and work environments. The aim of Code enforcement continues to be to help improve neighborhoods and economic conditions so that the community is known as a good place to live, retire to, raise families, work and play. Code enforcement assists the Planning and Zoning Division in making sure the Town code requirements are being abided by; assists the Building Division in ensuring the necessary building permits and business tax receipts are applied for and abided by; and enforces ALL other sections of the Town's regulations while working with any other Departments, law enforcement or external agency personnel as needed. While the Code Enforcement Division PREFERS to educate and work with property owners to achieve compliance, this is not always possible and a Special Magistrate hearing is sometimes necessary and aids to further document an active violation which sometimes then leads to a fine being recorded on a property if compliance is not attained. A significant amount of administrative follow-up is required in these cases and while the process may be lengthy and it may seem staff is not reacting to a particular issue, due process is legally required to ensure fair and equitable enforcement.

In summary, all three divisions are IMPORTANT and REQUIRED in order for the Community Development Department to operate effectively and extend the needed support services to the community at large...with four main core values in mind: (1) Preserve and improve the character of our residential, commercial and industrial neighborhoods through viable developments and forward-thinking codes; (2) Promote sustainability through environmental initiatives, business growth and retention and a diversified housing stock and adequate level of service standards; (3) Promote a positive community appearance through effective education and code enforcement; and (4) Promote effective customer service

Account #	Account Name	Task, Description, and/or Vendor	Cost (\$)
500-31000	Professional Services	Special Magistrate Expenses (vary from month to month depending on number of code compliance cases). Costs are generally offset by administrative costs being recouped from code violators. However, an average of \$350 per month should be set aside for Magistrate expenses.	\$ 4,200
500-34000	Contractual Services	Building Official and Inspection Services are currently on a cost-sharing (performance based) contract which is compensated based on the building permit revenue that is generated through the Department; InkForce maintenance (code software) contract (\$9,866); Information Management Systems (building permit software) will increase by 10% from last year (\$3,515 + 10% = \$3,866); Geographic Information Systems consulting services for assistance with mapping and engineering/landscape architecture consultant services for Town projects (\$7,000), specifically the Federal Highway Mixed-Use Project/Streetscape Plan and Water Supply Work Plan; additional design consultant services for Town projects, specifically the Federal Highway Mixed-Use project (\$8,000) and consultant assistance with the Town's Evaluation & Appraisal Report required by State Statute (\$20,000).	\$ 48,732
500-34200	Contractual Services - Cost Recovery	Consultant reviews (engineering; survey; landscape architecture) for development applications are billed through individual project accounts and not included in this account. Sometimes, building permit applications or other departmental applications require consultant review. Even though these costs are fully recovered by the Applicant, \$2,000 is being set aside to account for these costs.	\$ 2,000
500-34300	Contractual Services Code Violation	Abatements for Code violations (anticipate 12 overgrowth violation abatements-one per month and possibly some additional life-safety abatements). <u>These costs are generally offset by the property owner however, can take many months, even years to recover.</u>	\$ 5,000

PROPOSED INITIATIVES with DETAIL**

FISCAL YEAR 2015-16

Schedule 5

Project Title	Description and Justification	Revenue	Cost
<u>INITIATIVES THAT ARE INCLUDED IN THE PROPOSED BUDGET</u>			
	<p>The existing Administrative Assistant position in the Community Development Department was changed to a "generalized" position in FY 14/15. It was envisioned that all Administrative Assistants are interchangeable. The previous position title in the Community Development Department was "Administrative Assistant to the Community Development Director". This position title was initially created with the intent that it is specialized due to the unique responsibilities related to code compliance lien reporting/tracking; planning and zoning board liaison, research and technical meeting transcriptions and report writing responsibilities; as well as acting status in the extended absence of the Department Director (just to name a few). In an attempt to restore a much-needed position title that is better catered to the unique job duties/responsibilities relevant to the Community Development Department, a first request would be to restore the position's job title, but this time to "Assistant to the Community Development Director" thereby creating a higher position that would better serve the Department Director on a more technical/administrative and supervisory level. The salary range for this position, as reviewed by the Human Resources Department is \$18.63-\$25.07 per hour. The existing employee is earning \$18.41 per hour and the employee handbook allows for a 5% increase, for a total of \$19.33 per hour. Annually, this translates to an increase in \$0.92 per hour = 1,914. Consequently, a second request would be to increase the newly-titled position to \$19.33 per hour. Account # 500-12000.</p>	<p>Position title change to restore and promote the duties and responsibilities necessary for a more effective operation and provide fair compensation based on job duties and responsibilities.</p>	<p>\$ 1,914</p>

	Pursuant to recent discussions, there may be a need to explore additional evening and weekend enforcement through additional code enforcement personnel. A proposal for one additional full-time code enforcement officer to cover evenings, Monday through Friday, 4:30-9:30 or other times as needed (5 hours per day), as well as on Saturday and Sunday (7.5 hours per day), for a total of 40 hours per week is being proposed in Account 500-12000 (Regular Salaries). The starting hourly rate is \$14.57 per hour, which annualizes to \$30,306 plus benefits, for an annual salary of \$30,306, plus benefits which equates to \$41,527 annually. Currently, the Town has two full-time (daytime) officers and with the amount of violations to address on a daily basis, the effectiveness of the operation would suffer if the daytime officer shifts are split to include evenings an weekends, thereby leaving only one full-time officer per daytime shift. With a third officer, there is also an opportunity to create rotating schedules to increase awareness between officers throughout the varying enforcement hours. Through solid leadership and communication between the officers, the Town will have full, effective coverage, but for during the overnight hours. Evening and weekend enforcement will likely be focused heavily on work without permits; commercial vehicles; noise; and events being held without appropriate permits (as some of the main issues). <i>Due to budgetary constraints, this initiative has been removed in its entirety, however, there is an ability to provide some evening and weekend enforcement by flexing the schedules of the two full-time officers. While this will certainly have the code department operate at a very slim capacity and only provide for sporadic evening and weekend enforcement, it could be effective in addressing evening and weekend code issues and may be revisited in the next FY budget cycle.</i>	Value-Added: By providing required enforcement for public safety and welfare and better quality of life for the community	\$ 16,312

Park Avenue Extension (PAE)	The PAE would connect the existing Park Avenue to Congress Avenue by using an alignment through the Town's commercial/industrial area. Palm Beach County has submitted design plans to the Town and was hoping to get an Interlocal Agreement in place by the end of 2014 in order to receive their Board of County Commissioner approval to place the project on the County's 5-year road plan however, this has not yet occurred. Palm Beach County will construct the project; Town will own & maintain in perpetuity the road & drainage facilities once they are constructed & accepted; Town will provide or cause to provide all necessary Right-Of-Way & easements for entire road segment at no cost to County (including property not currently owned by the Town – developer property); Town will provide or cause to be provided all necessary property & easements needed for drainage facilities for the entire road segment at no cost to the County (including developer property). A starting segment of the PAE has been constructed by the adjacent private owner (Congress Avenue Properties - on the northeast corner of Congress Avenue and PAE) and will be turned over to the Town in FY 15/16 (Town will then assume perpetual maintenance and will have full jurisdiction over the roadway. DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16**

The Parks and Recreation Department has set goals to establish recreational programs for the community. To start, the focus will be on elementary and Middle School aged children by organizing free “Clinics” to draw the community in and help them to understand “how to register” and be a part of these activities. School involvement is paramount! Going into the schools and talking to children in their classrooms to explain and demonstrate what is being offered and how to join a community program. The High School element will be offered clinics to learn to coach and referee games and gain “Community Service” hours. Emphasis will be on athletes who are playing at the Junior Varsity and Varsity levels of the sport being offered. Eventually, programs will be offered to high school age children with their input as to what sports and activities they would like to participate in. These activities are not solely geared toward sports and athletics, but the Fine Arts will also be incorporated into these programs.

Grant money will continually be sought after for programming and facility renovation or improvement through FRDAP, CDBG and miscellaneous Recreation and Community organizations.

TOWN OF LAKE PARK - ANNUAL BUDGET
LIBRARY (GF 700)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

Activities, Story-times, Movies and other Events

The Lake Park Public Library offers a variety of activities for the entire Lake Park Community, including adult programs, teen programs, exhibits, children's programs and other events. New programs such as the Teen Club and Teen arts enrichment. Adult monthly movies and children's story-times have been very popular and there is still a strong demand by the community for regularly scheduled computers classes. As a part of the Library's Strategic Plan, the library has made an effort to offer an increased number of Adult programs, including additional book discussion groups, craft programs, author visits and speakers of interest on popular topics.

In FY14-15, our Library was recognized by Library Journal as a Star Library, the only library in Florida given this rating for the number of services and programs we provide our community with a minimum of expenditure.

Circulation of Library materials

Circulation of childrens' and youth materials represent a significant increase above adult circulation since the completion of the Teen room and Children's library two years ago.

Expanded Service to Teenagers

Teens have a dedicated room that is used daily for reading, homework and programs. There are 6 computers in the Teen room in addition to wireless access throughout the building. Staff, with financial support from the Friends of the Library have initiated a Teen Club this year.

Funding Plan

Library State Aid is granted by the Florida Legislature and distributed through the Department of State Division of Library and Information Services. This year disbursement of grant awards were two payments; the first in February for 80 percent of the award and the final payment of 20 percent of the award in May. Our award for FY14-15 was approximately \$9000., a slight increase from the previous year's award of \$7900. due to an overall increase in State budget. Grant awards are determined in part by Library budget size and actual expenditures.

According to the current legislative session, the FY15-16 awards are estimated to be slightly reduced. Staff has consulted with our Library and community partners by way of a Strategic Plan Workshop conducted in March, 2015 which focused on report card style process of feedback and scoring. The results were that the most critical issues were; need for security system for books; computer. These critical issues for the most part, require additional staff which can be successfully funded by grants if approached from a project perspective the library needs to continue initiate such programs prior to full grant funding. To note, in 2005 the library had more than double the number of full library staff has shrunk as the need for programs actually increased.

Grants

For the past several years the Library has successfully applied for a number of small grants, such as the Dollar Store grant which was applied to For 2014-15FY, staff will be focusing on grants that support particular programs for both adult and youth. Most recently the library was the recipient of an essay contest. TechSoup, a donation clearinghouse for libraries and Museums offered a one year access to Grantstation database, a primary resource for grants for the administrative cost of \$100., which is substantially less than the regular rate of over \$700. annually.

Marketing, Outreach

The library employs a number of marketing media to promote library programs and services. Staff self publishes calendars, informational brochures, activities on Town and Library Websites, E-blasts and at Friends and Community Partner events. The library also utilizes social media such as a Facebook and blog pages. Staff has expanded our social media visibility to include improved Reach. In addition, the library has several outreach programs at our community partner locations. We have a weekly adult and young adult book discussion story time for younger children as well as programs at Bridges offices, Lake Park Elementary school and local day care centers.

Schuyler and other meeting rooms

The two additional study/meeting rooms provided by the Friends are occupied constantly since their addition two years ago. Students, Community members use these new rooms. Yet, on many busy evenings, all available spaces, including the Teen and Children's library are in use for program use simultaneously. The air conditioning unit in the children's room failed some time in November and public works department is currently seeking bids for these repairs. The room is 90 degrees or more which limits use of the room during the day and even evening. Since the air conditioning unit for the children's room also serves the study rooms, Staff is currently reviewing all library policies and will continue to update outdated and ineffective library policies.

Staff Development

Staff development and cross training has been stemmed due to budgetary constraints, however, staff have taken advantage of low or no - cost training. We expect to seek out grants this year specifically for staff training to provide improved programming to Library visitors.

Technology

Keeping up with technology development is a key part of the Library's mission. It's vital for the library to offer services that are current and compatible with the needs of Library patrons. One of the unfunded proposals in the Library's 2014-5 FY budget is to add three additional part time staff including a technical assistant, as originally proposed two years ago. Town budgetary constraints preclude this proposal from being budgeted, however, staff considers additional staff important to maintaining sufficient service to the community and will continue investigate methods by which to fund or substitute this needed staff. At this point in the FY14-15, there remains approximately \$8000. in Library State Aid that has been applied for and awarded to us specifically for coverage in the youth department. That funding can be carried over into the next FY15-16 and combined with FY15-16 Library State Aid to provide for additional staff. The Library remains committed to providing needed technological access for the community. Staff is requesting a small increase in the overall budget in order to provide for completing computer upgrades that are now essential since Microsoft is no longer supporting XP OS (operating systems). Our E- book collection continues to increase in use and staff still plans to add a download kiosk to provide an additional access point for e-book users.

Mission

To promote knowledge and preservation of information; make available materials which support the pursuit of education, information, research and recreation; and provide the community with skilled guidance in navigating all information resources to fulfill knowledge needs.

Motto

This is where education continues after school ends; where readers are grown from the time they are young; and where doors are open for everyone.
 This is YOUR library.

Vision

To cultivate a community that promotes knowledge and learning that promote

Recap _____

The Insurance Fund is an Internal Service Fund. This Fund functions as a distributor of the Workers Compensation and the Property and Causality insurances for the Town. The expenses in the Fund are the result of payment of the referenced insurance bills and the revenues are the distributions of those expenses, via a matrix, to the various funds and departments.

ANNUAL BUDGET

STREETS AND ROADS FUND

FISCAL YEAR

October 1, 2015 through September 30, 2016

TOWN OF LAKE PARK - ANNUAL BUDGET
PUBLIC WORKS - STREETS & ROADS (Fund 190)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

CORE VALUES:

- *safety and welfare of Town personnel and general public
- *maintenance of sidewalks
- *maintenance of roadway signage (including school zone signs)
- *maintenance of proper roadway markings
- *maintenance of street lighting systems
- *maintenance of roadway integrity (pothole repairs, roadway repairs, etc.)

Possibly the first sign you see in Lake Park is the one under the Grand Archway at Federal Highway and Park Avenue. The Streets and Roads Division maintains all the public signs throughout the Town.

Directional and street signage lead to public facilities or the old street where many Lake Park residents grew up.

Street lighting is checked on a regular basis, keeping roadways and pathways safe at night. Faded, worn signs are replaced showing the way, with new highly reflective materials.

Street pot holes and sidewalks are repaired by this Division along with grinding down trip hazards in these travel ways.

Safety is this Division's highest priority. Performance is measured by the lack of complaint and liability claims.

STORMWATER UTILITY FUND

FISCAL YEAR

October 1, 2015 through September 30, 2016

TOWN OF LAKE PARK - ANNUAL BUDGET
PUBLIC WORKS - STORMWATER UTILITY (Fund 402)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

CORE VALUES:

- *Safety and welfare of Town personnel and the general public
- *Protection of property by maintaining the stormwater infrastructure system
- *Maintenance of records and maps for NPDES permitting and compliance with all federal, state, and county regulations
- *Identification of illicit discharges into system

The Stormwater Utility funds personnel and equipment to maintain the stormwater infrastructure on Town owned and maintained properties which include roadway street sweeping, roadway storm pipe systems and swales and stormwater detention ponds. By efficiently maintaining this stormwater related infrastructure, safety and health of the public is enhanced by reduction of standing water on roadways and reducing mosquito infestation.

Storm drainage grates are routinely cleaned during periods of heavy rainfall. The quality of the storm-water discharge is improved by routine maintenance and inspections thus making water activities more enticing.

The maintenance of the stormwater infrastructure keeps the Town compliant with Federal, State and County regulations.

The annual National Pollution Discharge Elimination System (NPDES) report requires data on the lengths of pipe cleaned, the square footage of swales regraded, the amount of debris collected both by street sweeping and storm drain cleaning. Future NPDES requirements as well as master planning drainage improvements will require storm pipe videoing in advance of repairs.

The measures of success of this program is the reduction of standing water, the absence of visible debris accumulation on storm grates, satisfaction of NPDES requirements and potential reduction in flood insurance rates.

To generate the revenue necessary to provide for the initiatives listed on Schedule 5 that are not included in the Manager's Proposed Budget would require a rate increase in a single year of \$3.76. This would bring the rate to \$10.26 per month per equivalent stormwater unit.

TOWN OF LAKE PARK - ANNUAL BUDGET
SANITATION FUND (FUND 404)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

CORE VALUES:

- * Safety and welfare of Town personnel and general public
- * Responsive and efficient collection services for residents and businesses
- * Coordination with vehicle maintenance division to ensure reliable and safe collection vehicles
- * Having well trained, competent and safety minded employees who are focused on public health and safety
- * Working alongside fellow DPW divisions to keep the Town cleaned and maintained to highlight its beauty

The Sanitation Division is made up of two subdivisions - the residential services subdivision and the commercial services subdivision. In addition to sanitation services, the Division supplements the General Fund Grounds Maintenance operation by providing personnel to do heavy pruning, mowing, and weeding at least twice per week. This is part of the Division's commitment to doing "whatever it takes" to help keep the Town greenways and commons beautiful.

The Residential Sanitation subdivision provides solid waste collection services to single family and small apartment residential properties in Lake Park. Our services include household garbage collection twice per week as well as collection of vegetation, bulk trash and recyclables once per week. This subdivision provides these services via a team of multi-skilled personnel and a fleet of eleven vehicles, each of which are designed for specific purposes.

The Commercial Sanitation subdivision is responsible for collection and disposal of all business-generated solid waste and cardboard recyclables within the Town. The subdivision also provides clean, well maintained dumpsters to the Town's commercial customers, promotes public safety and health by its prompt, regularly scheduled waste collection and disposal. The subdivision prides itself on its professional, friendly customer service and constantly strives to tailor services to customers' needs in order to help control the expenses of the Town's business stakeholders.

The performance of these Divisions is measured by several metrics, including customer satisfaction. The fewer phone calls from customers to Public Works Administration, the better. When a potential issue arises, we are dedicated to expedient resolution. Performance is also measured by our safety record - which is measurably excellent. In fact, it is anticipated that property and casualty insurance rates will decline based upon the last three years of safe operations.
