**Summary Explanation/Background: Town Administration historically assigned the CRA's landscape maintenance to the Town's Public Works Department, thus the majority of the**

expense for the maintenance of the CRA's "green space" has been funded through the Town's General Fund Budget. The current Executive Director wishes to properly segregate the CRA from the Town and has identified all of the CRA's "green space" in which the maintenance of these areas should appropriately be funded through the CRA.

The CRA is under contract with Chris Wayne and Associates, Inc. (CWA) for the maintenance of 10<sup>th</sup> Street and Park Ave., which are within the CRA boundaries. The attached Maintenance Agreement encompasses the remaining "green space" throughout the CRA. CWA has performed satisfactorily on 10<sup>th</sup> Street and Park Ave, and has greatly improved the appearance of both areas. Staff is recommending award of this annual agreement for the remaining "green space within the boundaries of the CRA for Fiscal Year 2007/08 in the amount of \$11,880 to CWA, utilizing the Town of Manalapan's Maintenance Contract attached hereto.

## Annual Landscape Maintenance Agreement For Town of Lake Park

### Overview

Provide landscape maintenance services for one year for the Town of Lake Park at the following locations: LOCATION A - The alleyway just east of 10<sup>th</sup> Street that runs south from West Jasmine Drive to Greenbriar Drive; LOCATION B - Greenbriar Drive from 10<sup>th</sup> Street east to 9<sup>th</sup> Street; LOCATION C - Service alley 900 (alleyway just south of Park Avenue that runs from 10<sup>th</sup> Street east to 7<sup>th</sup> Street) and LOCATION D - Watertower Road right-of-way from North Congress Avenue east to Old Dixie Highway.

Contract shall begin October 1, 2007 and end September 30, 2008, at which time the contract may be up for renewal. During the time that the Town of Lake Park and CWA are negotiating renewal, services shall remain the same as outlined below and shall be on a month to month basis.

### Landscape Maintenance Services

- Service shall be provided at LOCATIONS A-C 2X per month and Location D 3X per month April–October, 2X per month November–March
- Grass shall be maintained in accordance with Best Management Practices for specific grass.
- Weed all plant beds; maintain a clean edge between sod and mulched bed line. (Contractor may use low spectrum herbicide such as Rodeo or Roundup for routine weed control.)
- Maintain entire site free of debris, trash, clippings, branches, etc.
- Hedge all shrubs in a clean, neat and professional manner, removing and disposing of all clippings.
- Edge all turf edges abutting curbs, flush paved surfaces including all road curbs, shrub beds, flower beds, ground cover beds, hedges and around trees where a mulch bed exists at base.
- Tree and Palm Trimming - Maintain all trees and palms to 20' free of dead fronds, branches, and maintain in a neat and tidy order. Remove and dispose of all debris from tree trimming process.
- Blowing/Clearing - CWA shall use a blower to clear curbs along roadways, to ensure a neat, clean appearance after each maintenance operation.

The Contractor's acts, omissions or operations hereunder, or the performance, nonperformance or purported performance of the contractor or any breach of the items of this Agreement; provided, however, the contractor shall not be responsible to the Town for damages resulting out of bodily injury or damages to property which

the Contractor can establish as being attributable to the sole negligence of the Town, it's respective agents, servants, employees or officers.

The indemnification shall include, but not be limited to, suits, actions, or claims brought because of any injuries or damages sustained by any person or property on account of the Contractor's operations in connection with the contract; or in consequence of any neglect in performing the work; or because of any act or omission by the Contractor.

## **25. CONTRACTOR RESPONSIBILITY**

Contractor shall be responsible for ensuring that all employees are in compliance, at all times, with Terms, Conditions and Specifications outlined in this Contract. The Contractor shall be responsible for obtaining all necessary permits, licenses, and/or registration cards, in compliance with all applicable Federal, State and Local statutes pertaining to services as specified.

## **26. SUPERVISION**

Contractor shall provide an adequate number of trained, qualified Supervisors capable of providing adequate field supervision to accomplish the services.

The Contractor's Supervisor will complete a walk-thru after each service to confirm that the defined quality and scope of service was performed. At the end of each maintenance day, all walks, drives, road surfaces and open space areas will be free of any loose materials, trash or debris.

Each Supervisor, to the satisfaction of the Town representative, shall be capable of verbal and written communication and shall be able to adequately communicate with the service workers.

The Town representative may request the Contractor to remove any Supervisor if it is determined the individual is not performing the service in accordance with the terms and conditions of this contract.

## **27. EMPLOYEES**

Persons employed by the Contractor in the performance of services pursuant to this contract shall not be considered employees of the Town, shall be independent thereof and shall have no claim against the Town as to pension, workers compensation, insurance, salary, wages or other employee rights or privileges granted by operation of law, and shall be 18 years of age or older. Under no circumstances will any employee of the Contractor be permitted to allow minors (under 18 years of age) and/or anyone who is not an employee of the contractor to enter any Town facility at any time for any reason.

All personnel shall be required to wear proper attire, which, at a minimum includes a standard shirt carrying the company name and/or logo, present a good appearance and maintain a professional code of conduct. All personnel shall wear a safety vest with reflective striping when

working within the road right of way. The personnel shall observe the applicable F.D.O.T. maintenance of Traffic Standard, when working in the road right of way. The Contractor will insure that all County, State of Florida, OSHA and other applicable safety regulations are met.

**28. VIOLATIONS OF CONTRACT: DEFAULT**

**A. Violations of Contract:**

1. Failure to provide quality service and complete the entire scheduled service visit or correct deficiencies identified by grounds inspectors. Follow-up written reports will be mailed concurrently with verbal notification. Corrective actions must be complete within 72 hours of telephone notification. In the event of disagreement with regard to visual quality service between the inspector and the Contractor, the Town Manager shall view the disputed conditions and his/her decision shall be final on both individuals.
2. All work must be continuous and commence on schedule (or approved adjusted schedule), and be completed within twenty four (24) hours of scheduled time.
3. Failure to act in a professional manner.

**B. Default:**

If the Contractor shall fail to meet the requirements of the contract as provided herein, the Town shall put Contractor on notice in writing to the address shown on the bid response delineating specific deficiencies. Contractor shall have three (3) days to correct the deficiencies or make suitable alternate provisions to the satisfaction of the Town. If after the three (3) day period, the deficiencies have not been corrected, the Town shall hold the Contractor in default and immediately cancel the contract in accordance with paragraph #29 below. Contractor will be charged \$50.00 per day for failure to remove debris, vegetation, etc. as specifically set forth in the technical specifications.

**29. TERMINATION**

**A. Immediate:** In the event of a default by the Contractor as set forth in paragraph #28 above, this contract shall immediately be terminated. All Town property (keys, etc.) shall be returned prior to final payment. Contractor shall be paid for services rendered prior to termination of the contract.

**B. Two Weeks Notice:** During the initial one year period of this contract, Town may terminate it without cause at the end of a specified calendar month upon two weeks prior written notice sent to Contractor at the address shown on the bid response. Thereafter, either party may terminate the further extension of this contract without cause at the end of a specified calendar month upon two weeks prior written notice as applicable sent to Contractor at the address shown on the bid response or actually delivered to the Town Clerk at Town Hall.

30. **PROTECTION OF PROPERTY**

The Contractor shall at all times guard against damage or loss to the property of the Town of Manalapan or of other vendors or contractors and shall be held responsible for replacing or repairing any such loss or damage. The Town of Manalapan may withhold payment for reimbursement or replacement for loss or damage to property attributed to negligence of the Contractor or his/her agents.

31. **INSURANCE REQUIRED**

It shall be the responsibility of the Contractor to provide evidence of the following minimum amounts of insurance coverage prior to the start of work. Failure to provide this written evidence prior to the commencement date may be grounds for immediate cancellation of this Contract.

Workers compensation and employer's liability coverage to apply to all employees for statutory limits in compliance with applicable State and Federal laws.

Commercial General Liability shall have minimum limits of \$100,000 Per Occurrence Combined Single Limit for Personal Injury, Bodily Injury and Property Damage Liability. Coverage shall include Premises and/or Operations, Independent Contractors, Products and/or Complete Operations, Contractual Liability and Broad Form Property Damage Endorsements.

Business Auto Liability shall cover any auto for bodily injury and property damage and shall include owned vehicles, hired and non-owner vehicles, and employee non-ownership with minimum limits of \$100,000, per occurrence combined single limit for bodily injury and property damage.

A signed Certificate or Certificates of Insurance, evidencing that required insurance coverage has been procured by Contractor in the types of amount(s) required hereunder, shall be transmitted to the Town prior to Contractor performing any operations under the terms of the contract.

Except as to Workers Compensation and Employers Liability, said Certificate(s) shall clearly state that coverage required by the contract has been endorsed to include the Town of Manalapan, a municipal corporation of the State of Florida, its officers, agents and employees as **Additional Insured**. The Certificate of Insurance shall unequivocally provide thirty (30) days written notice to the Town prior to any adverse change, cancellation or non-renewal of coverage thereunder. Said liability insurance must be acceptable to and approved by the Town as to form and types of coverage. In the event that the statutory liability of the Town is amended during the term of this agreement to exceed the above limits, Contractor shall be required, upon thirty (30) days written notice by the Town, to provide coverage of at least equal to the amended statutory limit of liability of the Town.

32. **SEVERABILITY**

If any section or part of a section of these General Terms and Conditions, Instructions and Technical specifications is for any reason held or declared to be inoperative or void by a Florida Court of Jurisdiction, such decision of inoperativeness or act shall not affect the remaining portion(s) of the section(s) involved or any other section of these General Terms and Conditions, Instructions and Technical Specifications.

**TECHNICAL SPECIFICATIONS**

**CONTRACT AREAS** - Below is the list of contract service areas for which the Town is seeking firm pricing for grounds maintenance services:

- Area #1      Town Hall – 600 S. Ocean Blvd.
- Area #2      Point Manalapan Gatehouse – **see attached planting plan**
- Area #3      Cul-de-sac on Loggerhead Lane on Point Manalapan – **see attached planting plan**
- Area #4      Audubon Causeway Bridge on Point Manalapan
- Area #5      Audubon Causeway Median on Point Manalapan
- Area #6      Town Library on Point Manalapan
- Area #7      Cul-de-sac on Spoonbill Rd. on Point Manalapan - **see attached planting plan**
- Area # 8      Cul-de-sac on Lands End Rd. on Point Manalapan – this area is not currently landscaped; design will be similar to the other Cul-de-sac's

The Town anticipates the landscape areas not yet landscaped to be completed by October, 2005. However, the Town does not guarantee when or if any of the areas not currently landscaped will be completed.

When awarded the maintenance contract, the Town will compensate the Contractor only for maintenance to landscape areas that have been completed. The Town will add the new landscape areas for maintenance as they are completed.

**Directions:** Point Manalapan is located at the southernmost end of Hypoluxo Island. Take Ocean Avenue in Lantana to South Atlantic Drive (1<sup>st</sup> light east of the bridge) and turn south. Follow the road all the way down to Lands End Road. Turn right onto Lands End Road and head south to the Gatehouse, which is the entrance onto Point Manalapan.

## **EQUIPMENT/SAFETY**

All equipment operated on any Town property shall be equipped with guards and/or shields to minimize the possibility of injury to the general public. Machinery not equipped with safety devices shall not be operated at any facility. The Town designee shall inform the contractor when the above conditions are observed. Proper operation of equipment is the contractor's responsibility.

All vehicles shall be maintained in good working order, painted with the name of the company visibly displayed on the vehicle and shall be parked only on pavement when possible, otherwise parked within the Town right of way so as not to obstruct or interfere with pedestrian or vehicular traffic.

## **DEFINITIONS**

### **a. Mowing - general:**

- Mowing shall be performed in a workman-like manner that ensures smooth surface appearance without scalping or leaving any "missed" uncut grass.
- All mowers must be adjustable and adjusted to the proper cutting height and level for the kind of grass and current condition of the turf. Mower blade height adjustment is to be measured from a level floor surface to the parallel and level plane of the mower blade.
- All mower blades are to be sharp enough to cut, rather than to tear grass blades.
- All litter and debris is to be removed from turf before mowing to avoid shredding that will damage turf appearance, or items that may be propelled by mower blades.
- Mowing will be done carefully so as not to "bark" trees or shrubs, intrude into ground cover beds, ~~damage sodded berms, damage sprinkler heads, valves, manifolds, time clocks, curbs,~~ or other facilities.
- Grass clippings or debris caused by mowing or trimming will be removed from adjacent walks, drives, gutters, and curbs or surfaces on the same day as mowed or trimmed. No grass clippings and/or leaves shall be visible after mowing operation is complete. Grass clippings shall be left on the turf areas provided there are not readily visible clumps remaining. Clumps shall be removed from the lawn immediately after mowing. If necessary, the Contractor shall "catch" grass clippings or rake and bag them during or immediately after the mowing operation.
- Mowing will not be done when weather or conditions will result in damaged turf.
- All grasses shall be maintained at a height of four (4) inches, never to exceed six (6) inches unless permitted by the Town.

### **b. Mowing - specifics:**

- Grass is never to be mowed lower than four (4) inches in height.
- Grass shall be mowed weekly, four (4) times per month, April through October, and three (3) times a month from November through March. In months where there are five weeks, one additional mowing may be necessary in order to maintain a weekly schedule.

**Special Note:** Mowing frequencies can be deleted or increased due to climate factors by the Town's designee.

**c. Trimming and Edging:**

- **Trimming** - Grass shall be trimmed during, or as an immediate operation following mowing. Trimming may be accomplished by hand or hand power shears or rotary nylon "fish line" cutting machines. Grass will be trimmed the same height as adjacent turf is mowed, and to remove all grass leaves from around all obstacles and vertical surfaces in the turf such as posts, trees, walls, cement medians. Particular attention will be given to trimming around sprinkler heads and other irrigation system fixtures to assure their proper water delivery function.
- **No "fish line" weed eaters are permitted to be used around trees or plant beds so as to prevent damage to the plant materials.** In such instances, Contractor shall remove weeds by hand and/or chemical application (Roundup).
- **Edging** - Mechanical edging (vertical trimming) of all turf edges abutting sidewalks, flush paved surfaces including all road curbs, drives, etc., will be done during or as an immediate operation following mowing. Turf edging at shrub beds, flower beds, ground cover beds, hedges, or around trees where "edging" rather than "trimming" is directed shall be edged with a manual or mechanical edger to a neat vertical uniform line, every mowing cycle.
- Dirt and debris produced by edging or trimming will be removed and swept from adjacent hard surfaces. Grass clippings and dirt must **NOT** be allowed to collect in curb areas.
- Turf will be edged approximately eighteen (18) inches around all trees that are in lawn areas if directed by Town designee. Turf will be edged approximately ten (10) inches out from the drip line of shrubs and hedges.
- **Chemical edging** - Chemical application (Roundup) may be used to kill weeds in and around areas such as planters, areas adjacent to buildings, trees, fence lines, sprinkler heads and cement medians. Prior to application of chemicals, for this purpose all areas shall be trimmed to proper mowing height. Chemical shall be applied in a manner to limit drift to six (6) inches. Contractor is responsible for replacement of all damaged sod/landscape materials at his/her cost. If not replaced within one week of notification, the Town may replace the materials and deduct the cost from the Contractor's pay request.

**d. Weed Control - "Landscape Maintenance Weed Control":**

- Weeds are to be mowed, trimmed or edged from turf areas as part of turf care operations. Weeds are to be manually removed or chemically removed from shrubs, hedges, ground cover or flower beds two (2) times per month.
- Weeds are to be removed from walkways, walkway and curb gutter expansion joints and along fence lines and cement noses of concrete medians.
- Contractor may use contract herbicides for killing spots of weeds in Floratam and Bahia grasses, with prior permission from the Town's designee.

**e. Pruning:**

- **Shrub and Hedge Care** - Maintain shrubs in a healthy, growing correct-color condition and in the shape and area specified, or as specifically directed by Town designee.
- **Hedge Trimming** - Hedges or topiary that is to be maintained in a geometric form may be sheared by manual or mechanical hedge shears to shape and size specified by Town designee. Hedge trimming will be done once a month. Remove all cuttings and clippings from pruning and trimming operations on the same day as operation occurs.
- **Palm Trees** shall have dead fronds removed as they occur. Dead fronds shall be removed from the palm head and trunk of any palm species up to the defined height of 16' 0". Dead palm fronds that have fallen to the ground, are to be removed at each mowing,
- **Shade trees** shall be pruned and trimmed per National Arborist Association specifications for pruning of shade trees to keep the trees healthy and to maintain the natural character of the individual species. For purposes of this Section, required pruning is limited to a height of 16' 0", providing for the use of extendable power pruners. Pruning may include the following items:
  - to remove sucker growth and to maintain clear visibility between grade and a height of six feet.
  - dead, dying or unsightly parts of the tree
  - sprouts growing at or near the base of the tree trunk
  - branches that grow towards the center of the tree
  - crossed branches that may rub together
  - multiple leaders of a tree that normally have only one stem
  - nuisance growth that interferes with view, walks, lighting or signage
  - nuisance growth that indicates potential conflict with people
  - branches that have strong potential for damage by storms (preventative)
  - branches that have been damaged by storms (post storm event)

---

**No climbing spikes will be permitted. Pruning paint is prohibited.** Sharp and proper pruning tools will remove portions of trees, including any sucker growth. No chemical treatment to sucker growth will be permitted. Branches, dead wood and cutting shall be removed from the job site of pruning and disposed of in an acceptable manner. All lawn and shrub areas damaged by pruning equipment shall be replaced at the Contractor's expense. Do not use hedge shears for pruning. Machetes will not be permitted for any operations,

All trimming and pruning debris is to be picked up and removed from the property on the day of each trimming, by the Contractor and at the Contractor's expense.

**f. Litter and Debris Control:**

- Litter removal from turf areas and plant beds and designated right-of-way areas shall be complete prior to each mowing operation in the same day.
- Litter to be removed includes paper, glass, trash, undesirable materials or debris (unauthorized paper signs), deposited or blown onto the sites. Palm fronds and tree limbs will also be removed.

- Litter is to be removed entirely from the sites and disposed of in accordance with Town Ordinances.
- *All debris, limbs and fronds will be picked up the same day of pruning. Failure to pick up debris will result in a \$50.00 per day fee, as long the debris remains which shall be deducted from Contractor's pay request.*

**g. Mulch:**

Mulch shall be added to plant beds (where it already exists) in order to maintain a depth of three inches at all times. Beds shall be clear of weeds prior to new mulch being applied to plant beds.

**h. Raking:**

Contractor shall rake plant beds in areas where there is no mulch in order to keep a neat appearance.

**i. Blowing/Clearing:**

The Contractor shall use a blower to clear all walkways, parking lots and curbs along roadways to ensure a neat, clean appearance after mowing operation.

**j. Damaged Property:**

- The Town shall replace any landscape, irrigation, or structures damaged by maintenance operations or due to negligence in performing contract work and shall charge these costs to the Contractor. Contractor will be notified prior to replacement or repair by Town designee.
- Contractor shall notify the Town's designee immediately upon discovery of any damage at any contract facility.
- Contractor shall notify the Town's designee immediately upon discovery of any diseased/damaged turf areas, trees, plant materials, etc.
- **Improper use of line trimmers/chemical herbicides:** Improper use of chemical herbicides or line trimmers resulting in damage or destruction to plants will not be an acceptable practice. Plants damaged by line trimmers will be replaced at the Contractor's expense with plants of equal value. Sod or landscape damaged by the improper use of herbicides will be replaced at the Contractor's expense. **Line trimmers shall not make contact with any landscape plants/trees.**

**k. Fertilization:**

- **SOD** – The fertilizer shall be a granular fertilizer with composition of 16-4-8 or 15-5-15. It shall be a complete fertilizer (containing both major and micro nutrients), sulfur coated, time released, and applied at a rate of 1 lb. Of nitrogen per 1,000 sq. ft. of sod. St. Augustine and Bahia shall be fertilized three (3) times yearly, during the following months: January, April, and October. Cost of fertilizer and application shall be included in the contract. Contractor shall adjust the irrigation systems accordingly prior to applying the fertilizer. If heavy rain

season, Town may request a fourth application of fertilizer to all contract areas if needed using a general fertilizer 6-6-6 at no extra charge to the Town. Contractor shall notify the Town when they plan to apply the fertilizer so the Town can provide additional watering on the fertilized areas if needed.

- **TREES, SHRUBS, & GROUND COVER** – Fertilizer shall be applied to all trees, shrubs and ground covers with exception of Pine Trees, Sabal (Cabbage) Palms, Wax Myrtles, and Saw Palmettos. Fertilizer shall be commercial grade. Fertilizer shall be 8-10-10, sulfur coated, time released, or as recommended because of specific species. Granular fertilizer can be utilized for plants on level terrain. Plants established on slope condition where run off is likely, fertilizer shall be in tablet or spike form, specifically designated for the species being fertilized.

Chemical analysis sheets for all fertilizer to be applied shall be submitted to the Utility Department, prior to application, particularly Palm Tree fertilizer, along with recommended application rates as noted by the manufacturer.

Trees (excluding palms) shall be fertilized three (3) times per year: March, June, and October; at a rate specified by the manufacturer. Granular fertilizer shall be applied on level maintenance areas at the drip line of the trees in a 4" wide band around the tree.

All shrubs and ground covers shall be fertilized by broad casting the fertilizer over the landscape beds three (3) times yearly: March, June, and October at a rate of 1 lb. of fertilizer per every one (1) inch of main stem. No fertilizer shall be applied at the base against the trunks or stems of the plants.

- **PALMS** – All palms (excluding Cabbage Palms) shall be fertilized two times yearly (March & September) using a "Palm Special" fertilizer. Spike form only (similar to "Lutz" brand Palm Tree Maintenance Spikes). Fertilizer used shall be complete with Magnesium, Potassium and micronutrients. Material shall be applied at label rates. Fertilizer analysis shall be submitted to the Utility Department prior to application.

**Fertilizer used for palms shall meet or exceed the chemical analysis quantities appearing on the "Lutz" Palm Tree Maintenance Spikes.**

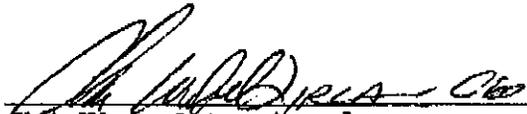

**Note: For bidding purposes, if Lutz is used, ONE application per year is required, other spike fertilizers will be applied twice yearly, unless label rates specify differently.**

#### **I. Irrigation**

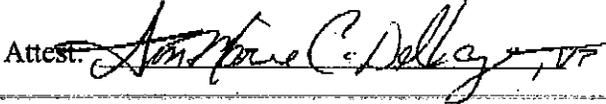

- The Contractor shall be responsible for inspecting the irrigation systems, during each service. The inspection shall consist of inspecting the systems for proper operation of the pumps, controllers, valves, timers, electric and water supply. The Contractor shall go through the entire system zone by zone, clean, adjust and repair all broken sprinkler heads and nozzles and inspect for any leaking pipes. The Contractor shall trim and clean around all sprinkler

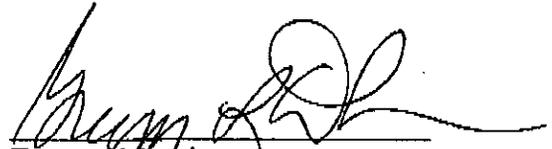

heads and adjust heads, as needed to provide free flow of water. The Contractor shall also be responsible for setting the times of the clocks and operation times of the system.

- The Contractor shall notify the Town of visible irrigation system problems.
- The Contractor shall provide the Town an hourly rate to perform all other irrigation systems repairs such as broken pipes, mainlines, suction lines, pumps, controllers, valves and timers. The Contractor will provide to the Town copies of all invoices for parts at costs needed for the repairs of the irrigation system and shall be reimbursed by the Town on a monthly basis.
- The Town shall be notified immediately (by 3:30 pm of the present working day), of any inoperable systems, (i.e. pumps failing to come on).
- All damaged irrigation system components shall be reported by the Contractor to the Town designee. **Components damaged by the Contractor's equipment or personnel will be replaced by the Contractor at the Contractor's expense.**

**RE: Modifications to Town of Lake Park Downtown Alleyway Plans**  
CGA Proposal No. 07-1350

Dear Ms.Davis,

We are pleased to submit this proposal for Professional Services on the above referenced project located in the Town of Lake Park.

CGA shall revise the current Bid Plans pursuant to the meeting held Tuesday September 12, 2007 between the Town Manager, Town Community Development Director and CGA. Plan modifications shall include: the reduction of the number of landscape islands, enlarging the end landscape islands, resurfacing the existing pavement in lieu of full depth construction on the alleyway north of Park Avenue and south of Park Avenue between 8<sup>th</sup> and 7<sup>th</sup> Streets, deletion of the water main construction and deletion of the water meter and sanitary sewer cleanout replacement, substitution of the precast panel wall with a fence with decorative end treatments and appropriate landscaping and simplification of the lighting system by adding lighting fixtures to the existing utility poles, and construction of simple concrete light poles with non-decorative fixtures. Deliverables for the preliminary phase shall be Exhibits for the Town Commission which shall include: plan sheets showing the above changes, plan sheets showing the existing and proposed light levels, a detail of the decorative fence treatment and landscaping and preliminary cost estimates. Deliverables for the final phase shall be Final Plans, Cost Estimates and Bid Documents. Bid Documents shall be prepared for a separate bid, not as an addendum to Bid #01-2007.

## **BASIS OF PROPOSAL**

- Any opinion of the construction cost prepared by Calvin, Giordano & Associates, Inc. represents its judgment as a design professional and is supplied for the general guidance of the CLIENT since Calvin, Giordano & Associates, Inc. has no control over the cost of labor and material, or over competitive bidding or market conditions. Calvin, Giordano & Associates, Inc. does not guarantee the accuracy of such opinions as compared to contractor bids or actual cost to the CLIENT.
- Any outside engineering services, studies, or laboratory testing not specifically mentioned in the Scope of Services will be the responsibility of the CLIENT. All municipal, permit, and agency fees as well as Title Certificates will be paid by the CLIENT.
- Basic services outlined within this proposal shall be considered complete when the project plans are submitted to the regulatory agencies for Certification.
- Calvin, Giordano & Associates, Inc. is performing the consulting services set forth in this Agreement strictly as a professional consultant to CLIENT. Nothing contained in this Agreement shall create any contractual relationship between Calvin, Giordano & Associates and any contractor or subcontractor performing construction activities on the project, or any of CLIENT's other professional consultants.
- Calvin, Giordano & Associates, Inc. shall not be responsible for the contractor's schedules or failure to carry out the construction in accordance with the construction documents. Calvin, Giordano & Associates, Inc. shall not have control over or charge of acts or omissions of the contractor, subcontractors, or their agents or employees, or of any other persons performing portions of the construction.
- Calvin, Giordano & Associates, Inc. will ensure that all consultants carry proper insurance, including professional liability insurance, if appropriate.
- Permit construction certification will include one partial and one final inspection .

## **Additional Fees**

The following services are **NOT** included in this proposal and will be considered Additional Services, which will be addressed in a separate contractual agreement. The services include but are not limited to:

- Architectural, structural (i.e., retaining walls, bridges, docks), mechanical (i.e., fire pumps), fire protection, geotechnical and testing, environmental assessment, power, gas, telephone, cable television, site lighting services.

- Calculations for needed fire flow for site demands, based on building type use and size, if required.
- Calculations of off-site flood stages.
- Construction quality control inspections.
- Off-site engineering and negotiations for off-site easements, if required (other than as specified in the Scope of Services).
- Permit application or negotiation with permitting authorities other than those specifically listed herein.
- Preparation of construction contract documents, other than drawings and technical specifications (e.g., bid schedule, project manual);
- Professional land surveying not included in the scope of services (i.e., buried utility investigation, easement research, condominium documents, project stake-out and as-built drawings).
- Professional services required due to conditions different from those itemized under the Scope of Services or due to events beyond the control of Alvin, Giordano & Associates, Inc.
- Professional services required, due to changes in the site plan initiated by the CLIENT, their representatives or other consultants (e.g. architects, landscape architects, etc.) after either design or preparation of the construction drawings has commenced.
- Re-review of rejected shop drawings.
- Review and approval of Contractor pay requests.
- Review of Data supplied by the Client (i.e. GIS data sets, databases, Aerial images, etc.) required for integration into this project.
- Review of shop drawings for contractor or Client selected alternatives, materials, products, etc.
- Special shop drawing annotation and modification to expedite shop drawing approval process.
- Updated Boundary survey, site evaluation or closing assistance work, unless specified above.

### **Reimbursable Expenses**

Calvin, Giordano & Associates, Inc. and its consultants will be reimbursed for the printing of drawings and specifications, deliveries, federal express services, required travel time and travel expenses, long distance telephone calls, fax transmittals, postage, fees paid for securing approval of authorities having jurisdiction over the project, renderings, models and mock-ups required by CLIENT, as required. Reimbursable expenses and sub-consultant invoices will be billed directly to the CLIENT at a multiplier of 1.25.

- All aspects of GIS data development created by Calvin, Giordano & Associates, Inc. will be property of the CLIENT and will be given to the CLIENT at time of project completion.

- CLIENT agrees to indemnify, hold harmless and, at Calvin Giordano & Associates, Inc.'s option, defend or pay for an attorney selected by Calvin, Giordano & Associates, Inc., to defend Calvin Giordano & Associates, Inc., its officers, agents, servants, and employees against any and all claims, losses, liabilities, and expenditures of any kind, including attorney fees, any appellate attorney costs, court costs, and expenses, caused by, arising from or related to any acts, omissions or negligence of CLIENT or its consultants.
- CGA and the CLIENT agree by their signatures on this document that each party will not hire or attempt to hire any staff from the other party while under contract together.
- Calvin, Giordano & Associates, Inc. is preparing and providing drawings, plans, specifications, and other documents as outlined in the scope of services for this Agreement for use in the construction of this project, based upon design and construction criteria prepared and provided by others, including but not limited to the CLIENT and CLIENT's consultants. Calvin, Giordano & Associates, Inc. is not responsible for any errors and omissions in the aforesaid design and construction criteria provided by others.
- Calvin, Giordano & Associates, Inc. agrees to indemnify, hold harmless and, at CLIENT's option, defend or pay for an attorney selected by CLIENT, to defend CLIENT, its officers, agents, servants, and employees against any and all claims, losses, liabilities, and expenditures of any kind, including attorney fees, any appellate attorney costs, court costs, and expenses, caused by, arising from or related to any acts, omissions or negligence of Calvin Giordano & Associates, Inc.
- CLIENT agrees to limit Calvin, Giordano, & Associates, Inc.'s liability for any and all claims that CLIENT may assert on its own behalf or on behalf of another, including but not limited to claims for breach of contract or breach of warranty, to the amount of fees paid to Calvin, Giordano & Associates, Inc. pursuant to this Agreement.
- Drawings, specifications, and other documents and electronic data furnished by Calvin, Giordano & Associates, Inc. in connection with this project are instruments of service. All original instruments of service shall be retained by Calvin, Giordano & Associates, Inc. and will remain their property, with all common law, statutory and other reserved rights, including copyright, in those instruments. This information provided in the instruments of service is proprietary and will not be shared with others without prior written consent. The CLIENT may request reproducible copies all original documents upon payment of all outstanding invoices, and expenses.
- In the event of termination in accordance with this Agreement or termination not the fault of Calvin, Giordano & Associates, Inc., Calvin, Giordano & Associates, Inc. shall be compensated for services properly performed prior to receipt of notice of termination, together with Reimbursable Expenses then due.

- Invoices for work accomplished to date will be submitted monthly and are payable within thirty (30) days. The CLIENT will pay invoices upon receipt and understands interest charges of 1.5% per month will be applied to any unpaid balance past thirty (30) days. Calvin, Giordano & Associates, Inc. may elect to stop work until payment is received. If work is stopped for thirty (30) days or more, Calvin, Giordano & Associates, Inc. may request compensation for start-up costs when work resumes.
- The CLIENT or their representative shall be available to meet with Calvin, Giordano & Associates, Inc. and provide decisions in a timely manner throughout the course of the project. The CLIENT will provide all plans and other pertinent information, which are necessary for Calvin, Giordano & Associates, Inc. to provide complete professional services as outlined in this contract.
- The terms of Agreement shall be valid for the Client's acceptance for a period of thirty (30) days from the date of execution by Calvin, Giordano & Associates, Inc. after which time this contract offer becomes null and void if not accepted formally (evidenced by receipt of an executed copy of this document). All rates and fees quoted in this document shall be effective for a period of six (6) months, after which time they may be renegotiated with the CLIENT.
- This Agreement may be terminated by either party upon not less than seven (7) days written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination. Failure of CLIENT to make payments to Calvin, Giordano & Associates, Inc., in accordance with this Agreement, shall be considered substantial nonperformance and cause for termination.

#### **MISCELLANEOUS PROVISIONS**

- CLIENT and Calvin, Giordano & Associates, Inc., respectively, bind themselves, their partners, successors, assigns, and legal representatives to the other party to this Agreement and to the partners, successors, assigns, and legal representatives of such other party with respect to all covenants of this Agreement. Neither CLIENT nor Calvin, Giordano & Associates, Inc. shall assign this Agreement without written consent of the other.
- This Agreement represents the entire and integrated agreement between the CLIENT and Calvin, Giordano & Associates, Inc. and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both Calvin, Giordano & Associates, Inc. and the CLIENT.
- Unless otherwise provided, this Agreement shall be governed by the law of the place where the project is located.

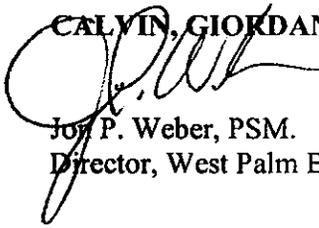

## TERMINATION OF THE AGREEMENT

- This Agreement may be terminated by either party upon not less than seven (7) days written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination. Failure of CLIENT to make payments to Calvin, Giordano & Associates, Inc., in accordance with this Agreement, shall be considered substantial nonperformance and cause for termination.
- In the event of termination in accordance with this Agreement or termination not the fault of CGA, CGA shall be compensated for services properly performed prior to receipt of notice of termination.
