Compliance Guarantee -

IPEMA Certified Playground Components	Certified
Complies to ASTM F 1487-17	Complies
Complies to U.S. CPSC	Complies
Complies with CPSIA	Complies
Complies to ADA requirements as of March 15, 2012	Complies
Manufacturer meets ISO9001 Certification	Certified
Manufacturer meets ISO14001 Green Certification	Certified
Manufacturer meets PCI4000 Paint Certification	Certified
Made in USA Certified	Certified
Designer/Engineer NPSI Certified	Certified
Installer NPSI Certified	Certified
Installer Factory Trained & Certified	Certified
Years Dominica Recreation Products has represented GameTime	50 Years

Other Notes -

Upright Size	3.5" Aluminum or Steel
Connections	ALL Factory Installed Bolt Thru Connections (no exposed hardware)
Finished Grade	Stickers applied at the factory, not applied at installer discretion
Hardware	Stainless Steel
Primer	Zinc Rich Primer applied to all painted surfaces
Warranty	Equal or better to ALL manufacturers, if you find better, we will match
Liability Insurance	\$51 Million written on the preferred - Each Occurrence
One Company	All equipment, surfacing, borders are from GAMETIME

Finished Grade –

IMPORTANT – The plans call for the plastic border to be installed below grade and flush with the sidewalk, that is not recommended, and it will not meet ADAAG access requirements. The ramped ADA curb by all companies only has the ramp portion in the middle of the full height (i.e. about 6"). Therefore you would have a 6" drop off from the sidewalk to ramp portion of the curb. Conversely if you install the ramp flush with the sidewalk the borders will rise 6" above the level of the sidewalk.

Our best solution is to install the borders all above grade, as they are intended, and the ramps function as access. Another option would be to complete the entire digout but use no borders at all. The transition from the sidewalk would be flush with the top of the wood fiber.

Quote and Pricing –

Our quote is based on the complete scope of the work. It is impossible to break out the pricing of each item and list it separately delivered and installed. If we did that we would have to account for minimum freight and minimum installation charges and pricing would be much higher.

We have provided pricing on your quote form, but we encourage you to review our quote for all the details.

Time Frame –

Note our current workload and time frame estimate is about 120 from start of paperwork until completion. We cannot control the permitting time frame and thusly will make not guarantee on a completion date.

Questions –

If you have questions or need additional information, do not hesitate to call. We welcome the opportunity to help you get exactly what you want or need.

If you require a sales professional to walk the site with you in person please call -
Roy May – 800-432-0162 ext. 116 roy.may@gametime.com

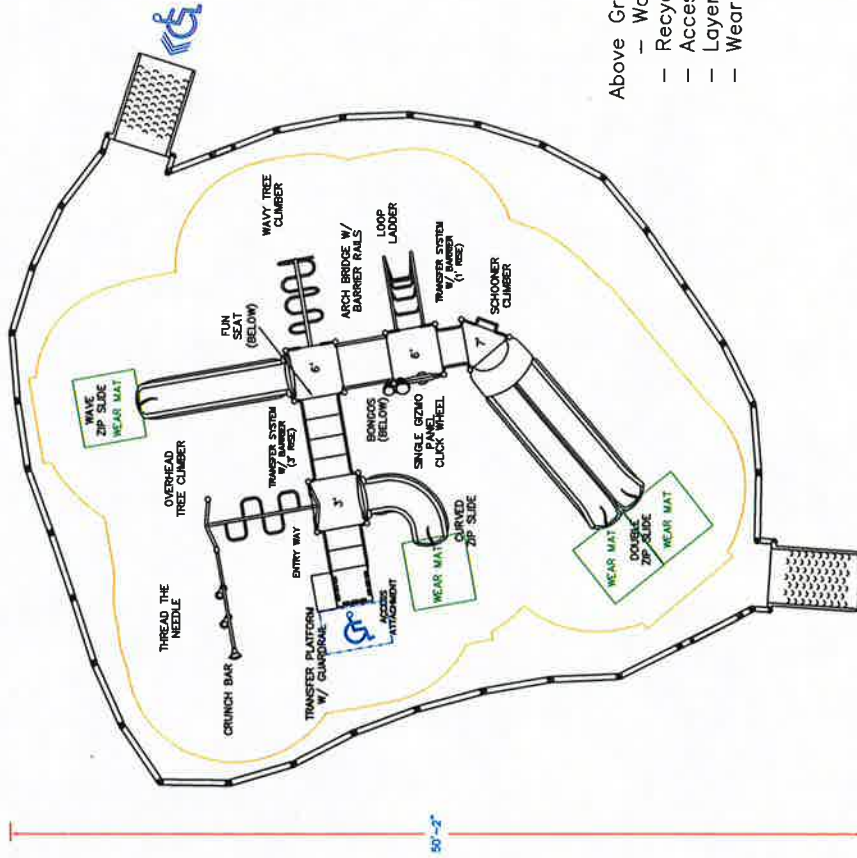

For questions about anything else, do not hesitate to contact the owner of the company
Rob Dominica 800-432-0162 ext. 113 robd@gametime.com

NPSI Certified* *ASTM Committee Member* *IPEMA Member* *ADA Design Consultant Certified

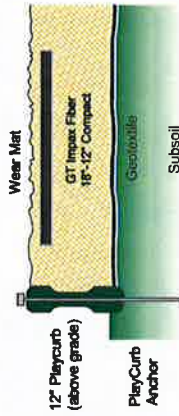

NOTE : Plans show a digout of the area with a flush with sidewalk installation. This will NOT work with plastic playcurb borders and be compliant with ADA.

Options are 1) above grade installation, or 2) Digout of area no ramp borders installed at all

GameTime Bid is based on above grade installation to be fully compliant with ADA. Please call to discuss or revise.

Basic Installation

- Above Grade Installation
- Wood Fiber to be supplied by Others
 - Recycled Plastic PlayCurb Border
 - Accessible PlayCurb Border
 - Layer of Geotextile Fabric
 - Wear Mats beneath Slide Exits
